

**FIXED RATE CNY(OFFSHORE)-LINKED
STRUCTURED INVESTMENT PRODUCT (the “SIP”)
TERM SHEET¹
Principal Terms and Conditions**

- *This is a structured product involving derivatives. The investment decision is yours but you should not invest in the product unless DBS Bank (Hong Kong) Limited (星展銀行(香港)有限公司, the “Bank”) has explained to you that the product is suitable for you having regard to your financial situation, investment experience and investment objectives.*
- The SIP is risk rated with Product Risk Level at **P1** and is suitable for investors whose risk profile is **C1 or above**. Please refer to the Financial Needs Analysis for description of your risk profile.

NOT A PROTECTED DEPOSIT

THE SIP IS NOT A PROTECTED DEPOSIT AND IS NOT PROTECTED BY THE DEPOSIT PROTECTION SCHEME IN HONG KONG.

PRODUCT DESCRIPTION

- 1. Fixed Rate CNY(offshore)-Linked SIP denominated in Settlement Currency**
 - The SIP is a fixed rate structured product denominated in Settlement Currency involving CNY(offshore) denominated investments.
- 2. Tenor**
 - If there is no Alternate Currency Event Designation by the Bank, the tenor of the SIP is stated under the caption “**Tenor**” in the SIP Order Form.
- 3. Redemption**
 - If there is no Alternate Currency Event Designation by the Bank, the Bank will pay 100% of the Principal Amount to the Customer on the Maturity Date in the Settlement Currency, provided that the SIP is maintained by the Customer with the Bank up to the Maturity Date.
 - Upon Alternate Currency Event Designation by the Bank, the Bank will pay the Mandatory Redemption Amount to the Customer on the Mandatory Redemption Date. The Mandatory Redemption Amount is likely to be substantially less than the Principal Amount and in the worst case scenario, the Mandatory Redemption Amount is zero.
- 4. Interest**
 - If there is no Alternate Currency Event Designation by the Bank, interest on the SIP is paid on the Maturity Date.
 - If there is no Alternate Currency Event Designation by the Bank, the Customer will receive a fixed per annum interest rate of the Principal Amount for the entire tenor of the SIP (as stated under the caption “**Interest Rate (p.a.)**” in the SIP Order Form) and such interest amount is calculated by reference to the relevant Spot Rate and Forward Rate and is fixed upfront.
 - Upon Alternate Currency Event Designation by the Bank on or prior to the Maturity Date, no interest amount shall be payable to the Customer.

¹ This Term Sheet is strictly confidential and may not be reproduced.

This Term Sheet is provided to you on the understanding that (i) you have sufficient knowledge, experience, and professional advice to make your own evaluation of the merits and risks of a transaction of this type and (ii) you are not relying on us or on any of our affiliates for information, advice or recommendations of any sort.

Although the information contained herein is believed to be reliable, we make no representation as to the accuracy or completeness of any information contained herein or otherwise provided by us. We are acting a principal-to-principal basis and not acting as your advisor or agent or in any fiduciary capacity to you. This Term Sheet does not purport to identify the risks (direct or indirect) or other material considerations which may be associated with your entering into the transaction. Prior to entering into the transaction, you should have determined (after consultation with your own advisors if you deem fit), without reliance upon us or our affiliates, the economic risks and merits, as well as the legal, tax, accounting or other material characterisations and consequences of the transaction and that you are able to assume these risks.

This Term Sheet may not be distributed and does not constitute the distribution of any information or the making of any offer or solicitation by anyone in any jurisdiction in which such distribution or offer is not authorised or to any person to whom it is unlawful to distribute such a document or to make such an offer or solicitation.

KEY RISK FACTORS

Please be reminded of the following key risks of investing in the SIP and refer to the section of “Risks Associated with the SIP” in this Term Sheet for details:

- **Not a traditional deposit** – The SIP is a form of structured product that carries risks not normally associated with ordinary bank deposits. The SIP is NOT equivalent to a time deposit. The Customer should therefore not treat the SIP as a substitute for ordinary savings or time deposits. The SIP is NOT a protected deposit and is NOT protected by the Deposit Protection Scheme in Hong Kong.
- **Derivatives risk** – The SIP is embedded with a currency swap. Generally, any swap transaction is subject to market risk, credit risk, liquidity risk, legal risk and settlement risk.
- **Return on the SIP / Limited Potential Gain** – The maximum potential gain is limited to the Interest Amount which is calculated by reference to the relevant Spot Rate and Forward Rate and is fixed upfront.
- **Principal amount received upon redemption** – If there is no Alternate Currency Event Designation by the Bank, the Customer will receive 100% of the Principal Amount on the Maturity Date only if the Customer holds the SIP up to the Maturity Date.
- **Not the same as buying the Linked Currency** – Investing in the SIP is not the same as buying the Linked Currency directly. In particular, the return on the SIP is dependent on the Spot Rate and the Forward Rate which are fixed upfront. Any appreciation or depreciation of the Linked Currency on or before the Maturity Date will not increase or decrease the return of the SIP.
- **CNY currency risk** – CNY may not be freely convertible through banks in Hong Kong. Due to exchange controls and/or restrictions imposed on the convertibility or utilization of CNY (if any) which in turn is affected by, amongst other things, the PRC government's control, there is no guarantee that disruption in the transferability, convertibility or liquidity of CNY will not occur. There is thus a likelihood that you may not be able to convert the CNY(offshore) received into other freely convertible currencies.

While this product may offer higher potential return to Customer compared with time deposits, Customer should note that he/she may be exposed to the risk of exchange rate fluctuation such that the potential loss from the product could offset (or even exceed) the potential gain if CNY(offshore) depreciates against the investor's home currency if the SIP will be settled in CNY(offshore). Customer should bear in mind the risk of exchange rate fluctuations that may cause a loss on conversion of CNY(offshore) back into investor's home currency.

You should understand the SIP will be settled in CNY(offshore) deliverable in Hong Kong, which is different from that of CNY deliverable in the People's Republic of China (excluding the Hong Kong and Macau Special Administrative Regions and Taiwan).

If the Customer does not have a CNY(offshore) deposit account outside the People's Republic of China (which shall exclude the Hong Kong and Macao Special Administrative Regions and Taiwan), he will be required to open such account with the Bank, in order to receive payment in CNY(offshore).

- **Currency risk** – Where the Customer has converted amounts from another currency into the Settlement Currency in order to make the investment in the SIP, the Customer should bear in mind the risk of exchange rate fluctuations that may cause a loss on conversion of the Settlement Currency back into such other currency.
- **Liquidity risk** – The SIP is a commitment by the Customer for the tenor as stated under the caption “Tenor” in the SIP Order Form. No early uplift, early withdrawal or early termination by the Customer is permitted. The Customer has to maintain the SIP with the Bank up to the Maturity Date.
- **Credit risk** – The Customer is taking on the credit risk of the Bank. The SIP is not secured by any collateral. In the worst case scenario, where DBS Bank (Hong Kong) Limited (星展銀行 (香港) 有限公司) defaults on its payment obligations under the SIP, the Customer will receive no interest payment and lose his original investment amount.
- **Alternate Currency Event Designation by the Bank / Maximum Potential Loss** – Upon Alternate Currency Event Designation by the Bank, the Bank will pay the Mandatory Redemption Amount in an alternate currency selected by the Bank in its sole discretion to the Customer on the Mandatory Redemption Date. The Mandatory Redemption Amount is likely to be substantially less than the Principal Amount and in the worst case scenario, the Mandatory Redemption Amount is zero.

Upon Alternate Currency Event Designation by the Bank on or prior to the Maturity Date, no Interest Amount shall be payable to the Customer.

Redemption

One of the following:

- (a) if there is no Alternate Currency Event Designation by the Bank, the Bank will pay **Final Redemption Amount**, which is equal to 100% of the Principal Amount in the Settlement Currency, to the Customer on the Maturity Date, provided that the SIP is maintained by the Customer with the Bank up to the Maturity Date; or
- (b) upon Alternate Currency Event Designation by the Bank, the Bank will pay the Mandatory Redemption Amount to the Customer on the Mandatory Redemption Date.

Mandatory Redemption Amount:

An amount in an alternate currency selected by the Bank in its sole discretion to be determined by the Bank acting in good faith and in a commercially reasonable manner, adjusted downward to account fully for all Hedging Costs. **The Mandatory Redemption Amount is likely to be substantially less than the Principal Amount and in the worst case scenario, the Mandatory Redemption Amount is zero.**

Hedging Costs:

The losses, expenses and costs (if any) incurred by the Bank of unwinding, terminating, liquidating, adjusting, obtaining, replacing or re-establishing any underlying or related hedging arrangements (including but not limited to any options or selling or otherwise realising any instruments of any type whatsoever which the Bank may hold as part of such hedging arrangements), all as calculated by the Bank acting in good faith and in a commercially reasonable manner.

Mandatory Redemption Date:

The date designated as such in the Mandatory Redemption Notice (defined in the Applicable Account Terms and Conditions), which shall be a date falling not less than 2 Business Days after the date of the Mandatory Redemption Notice.

Interest

Payment of Interest Amount:

If there is no Alternate Currency Event Designation by the Bank, the Bank will pay the Interest Amount to the Customer on the Interest Payment Date.

Interest Payment Date:

Maturity Date.

Interest Period:

A period beginning from (and including) the Investment Value Date to (but excluding) the Maturity Date.

Interest Amount:

An amount in the Settlement Currency (if Settlement Currency is CNY(offshore), rounded to the nearest fen, with 0.5 fen rounded upwards; or if Settlement Currency is JPY, rounded to the nearest yen, with 0.5 yen rounded upwards; otherwise, rounded to the nearest cent, with 0.5 cent rounded upwards) which is equivalent to the sum of the Return Amount and the FX Differential Amount.

Return Amount:

An amount in the Settlement Currency determined as follows:
Principal Amount x Spot Rate x Linked Rate / Forward Rate x Day Count Fraction.

FX Differential Amount:

An amount in the Settlement Currency determined as follows:
Principal Amount x (Spot Rate – Forward Rate) / Forward Rate

Linked Rate:

The per annum percentage rate as stated under the caption “**Linked Rate (p.a.)**” in the SIP Order Form and the SIP Confirmation.

Day Count Fraction: The relevant day count fraction as set out below in respect of the Settlement Currency.

Settlement Currency	Day Count Fraction
HKD	Actual number of days in the Interest Period divided by 365
USD	Actual number of days in the Interest Period divided by 360
AUD	Actual number of days in the Interest Period divided by 360
SGD	Actual number of days in the Interest Period divided by 365
EUR	Actual number of days in the Interest Period divided by 360
JPY	Actual number of days in the Interest Period divided by 360
CNY(offshore)	Actual number of days in the Interest Period divided by 360
GBP	Actual number of days in the Interest Period divided by 365
CAD	Actual number of days in the Interest Period divided by 360
NZD	Actual number of days in the Interest Period divided by 360
CHF	Actual number of days in the Interest Period divided by 360

Spot Rate: A rate, as stated under the caption “**Spot Rate**” in the SIP Order Form and the SIP Confirmation, expressed as the amount of Linked Currency per one unit of Settlement Currency.

Forward Rate: A rate, as stated under the caption “**Forward Rate**” in the SIP Order Form and the SIP Confirmation, expressed as the amount of Linked Currency per one unit of Settlement Currency.

Other Terms

Alternate Currency Event Designation by the Bank: The provisions under “Alternative Currency Event” under the Applicable Account Terms and Conditions are applicable. For the Applicable Account Terms and Conditions, see “Documentation and Inconsistencies” below.

OTHER TERMS AND CONDITIONS

No Early Withdrawal by the Customer prior to the Maturity Date: The Customer is not entitled to terminate, withdraw or call for the payment to it or a third party, of all or any part of the Principal Amount before the Maturity Date.

The SIP is not a negotiable or transferable instrument and there is no market for the SIP. THE CUSTOMER SHOULD INTEND TO HOLD THE SIP UP TO THE MATURITY DATE.

Use of Funds: The Customer agrees that the Bank may use the funds invested by the Customer in the SIP at its sole discretion in any manner, including but not limited to entering into any financial transactions and buying and selling any financial instruments or securities, as permitted by law.

Fees & Expenses: The Bank’s fees are shown on the Bank Charges Schedule available at branches of the Bank. The Bank may at its reasonable discretion impose other service fees, facility fees and/or other charges from time to time but will provide the Customer with advance notice of any other fees or charges imposed, or of any changes to the fees or charges.

Although there are no explicit charges, any fees and charges incurred by the Bank, whether to enter into underlying investments or hedging arrangements or for operational or administrative purposes and profit margins, if any, are already inherently contained in and subsumed into the calculation of the interest rate and other variables under the SIP.

Determinations by the Bank:

All determinations and calculations will be made by the Bank in good faith and in a commercially reasonable manner and shall (in the absence of manifest error) be binding and conclusive on the Customer.

Business Day Convention:

If any date on which any payment is due is not a Business Day, then such payment date will be the first following day that is a Business Day.

Business Day:

A day (other than Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the relevant financial centres as set out below in respect of the Settlement Currency.

Settlement Currency	Financial Centres
HKD	New York, Beijing and Hong Kong
USD	New York, Beijing and Hong Kong
AUD	Sydney, New York, Beijing and Hong Kong
SGD	Singapore, New York, Beijing and Hong Kong
EUR	TARGET, New York, Beijing and Hong Kong
JPY	Tokyo, New York, Beijing and Hong Kong
CNY(offshore)	New York, Beijing and Hong Kong
GBP	London, New York, Beijing and Hong Kong
CAD	Toronto, New York, Beijing and Hong Kong
NZD	Wellington, New York, Beijing and Hong Kong
CHF	Zurich, New York, Beijing and Hong Kong

Documentation and Inconsistencies:

The SIP will be governed by the **SIP Documents**, which means the Important Facts Statement, this Term Sheet, the Applicable Account Terms and Conditions, the SIP Order Form and the SIP Confirmation.

The **“Important Facts Statement”** is a statement which highlights the key features and key risks of the SIP.

The **“Term Sheet”** means this term sheet of the SIP setting out the principal terms and conditions of the SIP.

The **“SIP Confirmation”** means a confirmation issued by the Bank confirming its acceptance of the investment of the Offer Amount (or part thereof, as the case may be) by the Customer in the SIP.

The **“SIP Order Form”** means an order form, which shall have been completed by the Customer for the Bank (in writing or over the phone with the Bank), applying to place the Offer Amount for investment in the SIP.

The **“Applicable Account Terms and Conditions”** means the Investment Products Consolidated Terms and Conditions or Terms and Conditions for Accounts under Wealth Management Investment Portfolio (Wealth Management Accounts) (as appropriate, depending on through which account the Customer trades the SIP), a copy of which has been provided to the Customer before or when the Customer opened the SIP account with the Bank.

In the event of any inconsistency between the provisions of any of the SIP Documents, the inconsistency will be resolved in favour of the document ranking higher in the following order of priority: (a) the SIP Confirmation, (b) the SIP Order Form, (c) this Term Sheet, (d) the Applicable Account Terms and Conditions and (e) the Important Facts Statement.

Governing Law:

The laws of Hong Kong.

No Gross-Up for Withholding Tax:

All amounts (including the Final Redemption Amount) to be paid by the Bank to the Customer shall be paid net of any applicable withholding tax (including any U.S. federal withholding tax imposed or collected pursuant to Sections 1471 through 1474

of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (a “**FATCA Withholding Tax**”). No additional amounts shall be payable by the Bank to the Customer on account of any withholding tax (including any FATCA Withholding Tax).

APPLICATION PROCEDURES

1. To place an order for the SIP (the “**SIP Order**”), the Customer must complete the SIP Order Form for the Bank (by submitting a completed SIP Order Form to the Bank or completing the SIP Order Form over the phone with the Bank). The parties intend and agree that the SIP Documents will be conclusive and binding on the Customer upon expiry of the Cancellation Period as defined in the SIP Order Form and (if applicable) upon the Customer’s confirmation of placement of that order after completion of the Pre-Investment Cooling-off Period but is subject to final execution and acceptance by the Bank and provided that the SIP Documents may be terminated by the Bank as herein provided.
2. The amount which the Customer wishes to place in the SIP (the “**Offer Amount**”) must be deposited with the Bank on or before the submission of the SIP Order Form. The deposited funds will be held in the relevant account until the Investment Value Date. If the deposited funds are held in an interest-bearing account, the relevant account will be credited with any interest accrued between the date on which the Offer Amount is deposited with the Bank and the Investment Value Date.
3. On the Investment Value Date, if the SIP Order is accepted by the Bank (whether in whole or in part), the Offer Amount (or the relevant part thereof) will be invested in the SIP on the terms set out in this Term Sheet.
4. A SIP Confirmation will normally be issued to the Customer within two Business Days from the Investment Value Date if the SIP Order is accepted by the Bank, but any failure or delay in doing so will not prejudice the binding nature of the SIP upon the Customer.
5. The Bank has the discretion not to execute or accept any SIP Order (or any part thereof) notwithstanding the SIP Order has been received by the Bank.
6. Without prejudice to the Bank’s discretion as aforesaid, the Bank will not execute and will not accept SIP Orders unless the aggregate of all SIP Orders received by the Bank on or before the Closing Date of Offer is not less than the Minimum Offer Size. Further, if the market is affected by significant exchange rate, interest rate and/or other price movements and/or other unusual conditions before the Closing Date of Offer, the Bank may shorten the SIP offer period and stop receiving new SIP Orders. If a SIP Order has not yet been confirmed by the Bank as being accepted by the Bank in a SIP Confirmation and the SIP Order is not declined by the Bank (the “**Pending Orders**”), the Bank will use its reasonable efforts to execute such Pending Orders, but the Bank will otherwise have no obligation with respect to the Pending Orders.
7. In addition, even if a SIP Order has been received by the Bank, the Bank will have the right to cancel the SIP Order received if a SIP Cancellation Event occurs on or after the Closing Date of Offer and on or before the Investment Value Date.
8. If a SIP Order is not accepted or is cancelled after acceptance as provided for above, the Bank will notify the Customer of any such non-acceptance or cancellation and the termination of the SIP Documents with respect to the SIP without any liability, and then release the Offer Amount deposited (if any) to the Customer (without any interest other than as provided for in paragraph 2 above) as soon as practicable thereafter.

SIP Cancellation Event:

Any of the following:

- (a) any event beyond the control of the Bank which, in the Bank’s opinion, will make it impracticable, illegal or impossible for the Bank to perform its obligations under the SIP or to effectively hedge its obligations under the SIP; or
- (b) notwithstanding that the Minimum Offer Size has been reached, in the Bank’s opinion, changes in market conditions have made it impracticable for the Bank to effectively hedge its obligations under the SIP given the total amount of SIP Orders.

COMPARISON WITH STANDARD TIME DEPOSIT

If there is no Alternate Currency Event Designation by the Bank, the Customer will receive 100% of the Principal Amount and Interest Amount on the Maturity Date. If you wish to compare the return on the SIP with a standard time deposit, please refer to the Bank's per annum interest rate for a standard time deposit with same tenor and same principal amount as the SIP.

RISKS ASSOCIATED WITH THE SIP

Not a traditional deposit

- The SIP is a form of structured product that carries risks not normally associated with ordinary bank deposits. The SIP is NOT equivalent to a time deposit. The Customer should therefore not treat the SIP as a substitute for ordinary savings or time deposits.
- The SIP is NOT a protected deposit and is NOT protected by the Deposit Protection Scheme in Hong Kong.

Suitability and concentration

- The Customer should ensure that he understands the characteristics of the SIP and the nature of the risks associated with his investment. The Customer should consider the suitability of the SIP as an investment in light of his own circumstances and financial condition.
- In particular, the Customer should note that the tenor of the SIP is stated under the caption "Tenor" in the SIP Order Form and should not form a substantial portion of his investment portfolio.

Summary Information Only

- This document contains summary information only. It does not contain all of the terms and conditions (material or otherwise) of the SIP and the Customer is advised to review all of the documents referred to under the section headed "Documentation and Inconsistencies". If the Customer requires further information in relation to the SIP, please contact the Bank.

Derivatives risk

- The SIP is embedded with a currency swap. Generally, any swap transaction is subject to market risk, credit risk, liquidity risk, legal risk and settlement risk.

Return on SIP / Limited Potential Gain

- The maximum potential gain is limited to the Interest Amount which is calculated by reference to the relevant Spot Rate and Forward Rate and is fixed upfront.

Principal Amount will be received upon redemption on the Maturity Date

- If there is no Alternate Currency Event Designation by the Bank, the Customer will receive 100% of the Principal Amount on the Maturity Date only if the Customer holds the SIP up to the Maturity Date.

SIP terms and return

- Certain parameters in respect of the SIP (e.g. Closing Time and Date of Offer) may be affected by a number of market factors, including changes in the value and volatility of the underlying asset(s), changes in foreign exchange rates and economic, financial and political events that are difficult to predict, and thus may be subject to appropriate adjustments by the Bank.
- The total payout the Customer receives for the tenor of the SIP may be less than the return or interest the Customer may otherwise have received from other investments.
- The SIP has investment risks. The Customer will only receive a return determined in the manner set out in this Term Sheet and the other SIP Documents. The Customer should fully understand the investment risks before making any investment in the SIP.
- The Customer's attention is drawn to the following (which is not exhaustive):
 - The interest on the SIP depends on the levels of the Spot Rate and the Forward Rate. These rates are fixed upfront and the Interest Amount will be determined at the outset.
 - Upon Alternate Currency Event Designation by the Bank on or prior to the Maturity Date, the Customer will not receive any Interest Amount.

Not the same as buying the Linked Currency

- Investing in the SIP is not the same as buying the Linked Currency directly. In particular, the return on the SIP is dependent on the Spot Rate and the Forward Rate which are fixed upfront. Any appreciation or depreciation of the Linked Currency on or before the Maturity Date will not increase or decrease the return of the SIP.

Alternate Currency Event Designation by the Bank / Maximum Potential Loss

- Upon Alternate Currency Event Designation by the Bank, the Bank will pay the Mandatory Redemption Amount in an alternate currency selected by the Bank in its sole discretion to the Customer on the Mandatory Redemption Date. The Mandatory Redemption Amount is likely to be substantially less than the Principal Amount and in the worst case scenario, the Mandatory Redemption Amount is zero.
- Upon Alternate Currency Event Designation by the Bank on or prior to the Maturity Date, no interest amount shall be payable to the Customer.

Liquidity risk

- The SIP is a commitment by the Customer for the tenor as stated under the caption "Tenor" in the SIP Order Form. No early uplift, early withdrawal or early termination by the Customer is permitted. The Customer has to maintain the SIP with the Bank up to the Maturity Date.

CNY currency risk

- CNY may not be freely convertible through banks in Hong Kong. Due to exchange controls and/or restrictions imposed on the convertibility or utilization of CNY (if any) which in turn is affected by, amongst other things, the PRC government's control, there is no guarantee that disruption in the transferability, convertibility or liquidity of CNY will not occur. There is thus a likelihood that you may not be able to convert the CNY(offshore) received into other freely convertible currencies.
- While this product may offer higher potential return to Customer compared with time deposits, Customer should note that he/she may be exposed to the risk of exchange rate fluctuation such that the potential loss from the product could offset (or even exceed) the potential gain if CNY(offshore) depreciates against the investor's home currency if the SIP will be settled in CNY(offshore). Customer should bear in mind the risk of exchange rate fluctuations that may cause a loss on conversion of CNY(offshore) back into investor's home currency.
- You should understand the SIP will be settled in CNY(offshore) deliverable in Hong Kong, which is different from that of CNY deliverable in the People's Republic of China (excluding the Hong Kong and Macau Special Administrative Regions and Taiwan).
- If the Customer does not have a CNY(offshore) deposit account outside the People's Republic of China (which shall exclude the Hong Kong and Macao Special Administrative Regions and Taiwan), he will be required to open such account with the Bank, in order to receive payment in CNY(offshore).

Currency risk

- Where the Customer has converted amounts from another currency into the Settlement Currency in order to make the investment in the SIP, the Customer should bear in mind the risk of exchange rate fluctuations that may cause a loss on conversion of the Settlement Currency back into such other currency.

There are potential conflicts of interest

- The Bank and its affiliates play a variety of roles in connection with the SIP, including acting as counterparty and calculation agent and hedging its obligations under the SIP. The Bank and/or its affiliates may also enter into, adjust and unwind transactions relating to the relevant assets or currencies, whether for its or its affiliates' proprietary accounts or for accounts under management or to facilitate transactions on behalf of Customers or otherwise. In carrying out these roles, the Bank's economic interests and those of its affiliates are potentially adverse to the Customer's interests as counterparty in the SIP.

The Customer must rely on his own evaluation of the merits of the SIP

- In the ordinary course of their businesses, the Bank and/or its affiliates may from time to time express views on expected movements in the exchange rates and/or the interest rates of the relevant currencies or other currencies. These views are sometimes communicated to clients and which are subject to change due to changes in worldwide economic, political and other developments over differing time horizons. In connection with the SIP, the Customer must make his own evaluation of the merits of the SIP and the Customer must not rely on any views which may be expressed by the Bank and/or its affiliates in the ordinary course of their businesses with respect to future price movements in the relevant currencies or

other currencies.

Historical information about the exchange rates and/or the interest rates for the relevant currencies may not be indicative of future values

- Historical information on the exchange rates and/or interest rates which may be provided to the Customer is for information only, and the Customer should not regard the information as indicative of the range of, or trends in, or future fluctuations in the exchange rates and/or interest rates or the future performance of the SIP.

The Customer is taking on the credit risk of the Bank

- **The SIP is not secured by any collateral. The Customer is taking on the credit risk of the Bank** with respect to all payments due under this SIP. For more information on the Bank, including its financial conditions, you may go to www.dbs.com/hk where you can obtain its latest annual statutory accounts. A printed copy of such statutory accounts is also available upon request.
- **In the worst case scenario, where DBS Bank (Hong Kong) Limited (星展銀行 (香港) 有限公司) defaults on its payment obligations under the SIP, the Customer will receive no interest payment and lose his original investment amount.**

Compounding of Risks

- An investment in the SIP involves risks and should only be made after assessing, for example, the direction, timing and magnitude of potential future changes in interest rates, exchange rates and the terms and conditions of the SIP. More than one risk factor may have simultaneous effects with regard to the SIP such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect, which may not be predictable. No assurance can be given as to the effect that any combination of risk factors may have on the value of the SIP.

PAYOUT ILLUSTRATIONS

(Note: All figures below are hypothetical and merely serve as illustrations for reference only. They are not indicative of the future or likely performance of the SIP.)

Assumptions:

Investment Value Date: 6 May 2011

Maturity Date: 7 May 2012

Linked Currency: CNY(offshore)

Principal Amount (USD)	Spot Rate	Forward Rate	Linked Rate (p.a.)	Actual number of days in the Interest Period
100,000	6.4755	6.4104801	0.50%	367

Return Amount = Principal Amount x Spot Rate x Linked Rate / Forward Rate x Day Count Fraction
 = USD100,000 x 6.4755 x 0.50% / 6.4104801 x (367/360)
 = USD514.892

FX Differential Amount = Principal Amount x (Spot Rate – Forward Rate) / Forward Rate
 = USD100,000 x (6.4755 – 6.4104801) / 6.4104801
 = USD1,014.275

Scenario 1: Best Case Scenario

If there is no Alternate Currency Event Designation by the Bank, on the Maturity Date, Customer will receive:

- USD100,000, which is 100% of the Principal Amount; and
- USD1,529.17, which is equivalent to the sum of the Return Amount and the FX Differential Amount

Thus, Customer will receive a total payout of USD101,529.17, which is equivalent to a return of 1.53% of the Principal Amount, i.e. Interest Rate at 1.50% ($1.53\% / 367 \times 360$).

Scenario 2: Worst Case Scenario

Upon Alternate Currency Event Designation by the Bank, the Bank will pay the Mandatory Redemption Amount in an alternate currency selected by the Bank in its sole discretion to the Customer on the Mandatory Redemption Date. The Mandatory Redemption Amount is likely to be substantially less than the Principal Amount and in the worst case scenario, the Mandatory Redemption Amount is zero.

Scenario 3: The Bank becomes insolvent or defaults on its obligations

Assuming that the Bank becomes insolvent during the tenor of this product or defaults on its obligations under this product, you can only claim as its unsecured creditor. You may get nothing back and suffer a total loss of your investment amount.

PAYOUT ILLUSTRATION

All figures below are hypothetical and merely serve as illustrations for reference only. They are not indicative of the future or likely performance of the SIP. You should not rely on this illustrative example when making an investment decision.

You should read this Supplement to Term Sheet together with the Term Sheet of this product and should not invest in this product based on this Supplement to Term Sheet alone. You should also refer to the Term Sheet for the defined terms.

The potential exchange rate loss may offset the potential gain from the product if Customer decides to convert the Settlement Currency back to home currency on or after Maturity Date

Assumptions:

Customer's home currency: HKD

Settlement Currency: CNY(offshore)

Exchange rate of CNY(offshore)/HKD for Customer to convert the Principal Amount from home currency: 1.2000

Principal Amount: CNY(offshore) 100,000

Initial amount in customer's home currency:

$\text{CNY(offshore) } 100,000 \times 1.2000 = \text{HKD } 120,000$

Amount received on Maturity Date:

= Principal Amount + Interest Amount

= $\text{CNY(offshore)}100,000 + \text{CNY(offshore)}2,500$

= $\text{CNY(offshore)}102,500$

If Customer decides to convert CNY(offshore) back to HKD (Customer's home currency) on or after the Maturity Date while exchange rate of CNY(offshore)/HKD at that time is 1.0000, i.e. CNY(offshore) has weakened against HKD, Customer suffers from a net loss of return in this case.

$(\text{CNY(offshore) } 102,500 \times 1.0000) - \text{HKD } 120,000 = -\text{HKD } 17,500$

As illustrated in the above, the exchange rate loss may offset or even exceed the potential gain from this product if Customer decides to convert the Settlement Currency back to home currency on or after Maturity Date.
