

How to transfer funds to China, UK or DBS in Singapore via online DBS Remit Service or to other banks in overseas?

1. Login to DBS iBanking, select "Transfer" > "DBS Remit China/UK/Singapore" or "To Overseas Account".

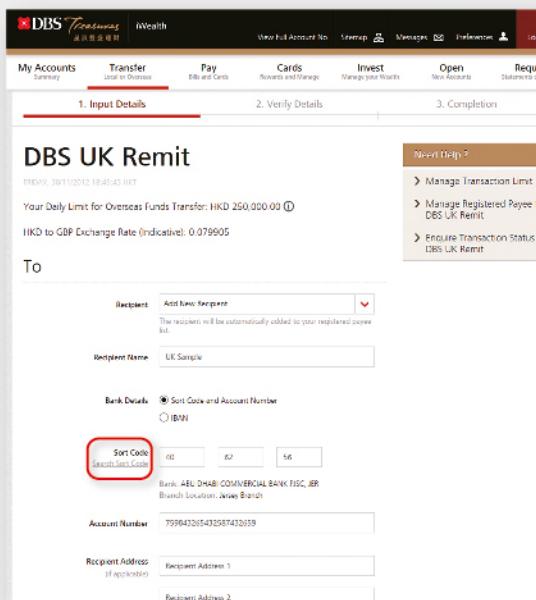

3. Input Transaction Information:

- i. Recipient Name* and Recipient Bank
- ii. Bank Details:

Transaction Type	Input Details
DBS China Remit	CNAPS Code ^a or Select Bank / Province / City / Branch
DBS UK Remit	Sort Code ^a and Account Number or IBAN
DBS Singapore Remit (DBS Account)	Not Required
To Overseas Account	SWIFT Code ^a

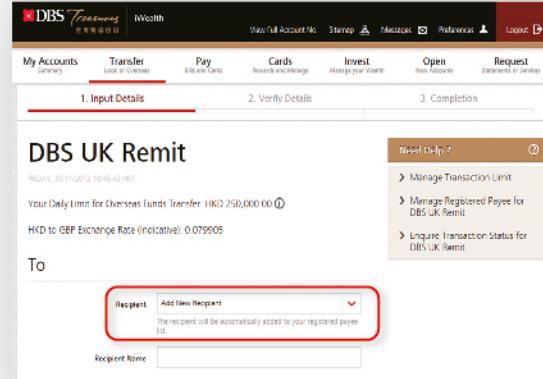

- iii. Account Number

* The name of your recipient account must be identical with the name of the remitter's account for RMB transfer to Mainland China

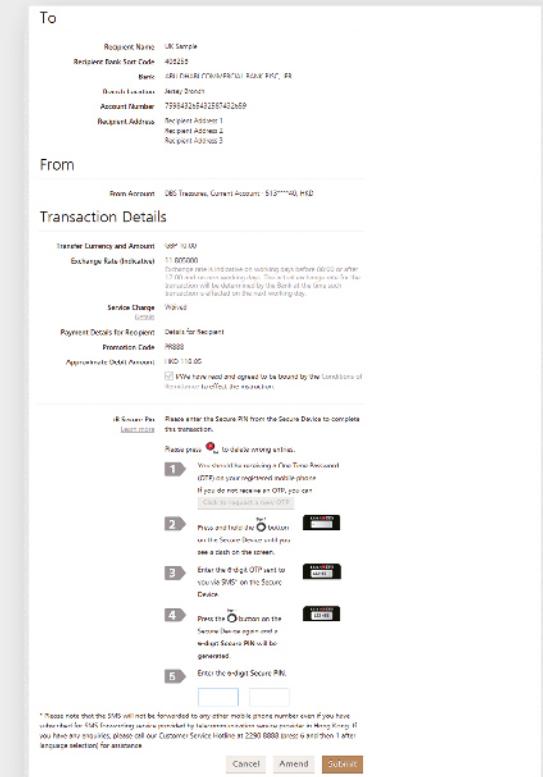

^a Bank Details including CNAPS Code, Sort Code and SWIFT code can be searched from the screen.

2. Select "Add New Recipient" in the Recipient field if this is the first transfer to the payee.

4. Select debit account, transfer currency and amount. Read and agree the Conditions of Remittance for this funds transfer instruction.

5. Verify the transaction information and use the One-Time Password and Secure Device^b to complete the transaction.

^b To apply Secure Device, login to DBS iBanking > Request Statements or Services> New Secure Device. Simple activate your device by login to DBS iBanking > Request Statements or Services > Activate Secure Device.
