

PRODUCT KEY FACTS STATEMENT

DBS Bank (Hong Kong) Limited (the "Bank")

DBS Paper Gold Scheme

28 February 2022

This statement provides you with key information about the DBS Paper Gold Scheme (the "Scheme").

This statement is part of the offering documents of the Scheme and must be read in conjunction with the Principal Brochure of the Scheme (in particular, Part 2: THE RISKS ASSOCIATED WITH THE SCHEME).

You should not invest in the Scheme based on this statement alone.

What are the Key Risks?

- **NOT Principal Protected**

Your investments in the Scheme are NOT principal protected. In the worst case scenario, you may lose your entire principal.

- **NOT a Time Deposit**

Your investments in the Scheme are NOT and are NOT equivalent to a time deposit.

- **NOT an Interest-Bearing Account**

The account through which your investments in the Scheme are conducted (the "**Account**") is not an interest-bearing account and provides no yield nor interest.

- **NOT Protected Deposit**

Your investments in the Scheme are NOT protected deposits and are NOT protected by the Deposit Protection Scheme in Hong Kong.

- **NO Physical Delivery of Gold**

The Scheme does NOT involve any physical delivery of gold. You do not have any right, ownership and possession of any physical gold. The allocation of units in your Account is notional. The unit prices of the Scheme are calculated with reference to the price of Loco London Gold ("**Reference Asset**") and incorporate the Bank's profit margins.

- **NO collateral**

The Scheme is NOT secured on any assets or any collateral of the Bank.

- **NO Guarantee**

The Scheme does NOT guarantee your capital invested nor any return on the capital.

- **NOT the Same as Investment in the Reference Asset**

Investing in the Scheme is NOT the same as investing directly in the Reference Asset. Price changes in the Reference Asset might not be reflected exactly in the price changes of the units of the Scheme due to the mechanism set out in the paragraph entitled "Pricing Mechanism" under the section "The Major Features of the Scheme" on page 5 of the Principal Brochure.

- **Volatility of Price**

The unit prices of the Scheme are calculated with reference to the price of the Reference Asset and incorporate the Bank's profit margins. You should recognize that the unit prices of the Scheme are volatile due to price changes in the Reference Asset which may depend on the

demand and supply of the Reference Asset and may go up and down. You will bear potential losses due to fluctuations in the unit prices of the Scheme. Such price fluctuations may exceed your expectation and the losses may substantially reduce your capital invested and earnings (if any).

- **Market Risk**

The price of the Reference Asset may go up and down due to movements in macroeconomic factors which include but are not limited to interest rates, inflation, economic growth and geopolitical tension. The unit prices of the Scheme are calculated with reference to the price of the Reference Asset and incorporate the Bank's profit margins, your investments in the Scheme are therefore subject to market risk.

- **Exchange Rate Risk**

The prices of the Reference Asset are quoted by market dealers based on US Dollar ("USD") per ounce. In addition to USD, the Bank also provides the Bank's Selling Price (as defined below) and the Bank's Purchase Price (as defined below) in Hong Kong Dollar ("HKD"), Australian Dollar ("AUD"), Pound Sterling ("GBP"), or Renminbi ("RMB") by converting the USD price at the prevailing exchange rate determined by the Bank in good faith and commercially reasonable manner with reference to the quotes provided by the Bank itself or on the interbank foreign exchange market at the time a unit price is determined. Accordingly, if you trade your investment in the Scheme in a currency other than USD, you will be subject to the risk of the fluctuation of the exchange rate of the relevant currency pair. Where you have converted amounts from another currency into the investment currency in order to make the investment in the Scheme, you should bear in mind the risk of exchange rate fluctuations that may cause a loss on conversion of the investment back into such other currency. You should note that such potential loss from the product could offset (or even exceed) the potential gain if the investment currency depreciates against the currency you converted from (including but not limited to your home currency).

- **Concentration Risk**

You have to be aware of concentration risk in investing in one Reference Asset and are reminded to avoid over-concentration of investment in the Scheme.

- **Investment Risk**

Investments in the Scheme involve risks and the prices of the Reference Asset may fluctuate. The value of your investments in the Scheme may go up or down, sometimes dramatically. Your investments in the Scheme may even become valueless. In the worst case scenario, losses will be incurred rather than profit made.

- **NOT Listed on any Stock Exchange**

The Scheme is NOT listed on any stock exchange.

- **RMB Currency Risk**

RMB is not freely convertible at present. Due to the exchange control and/or restrictions which may be imposed by the People's Republic of China government on the convertibility or utilization of RMB from time to time, there is no guarantee that disruption in the transferability, convertibility or liquidity of RMB will not occur. If you choose to sell your units of the Scheme in the Bank's Purchase Price in RMB, there is a likelihood that you may not be able to convert the RMB received into other freely convertible currencies.

- **Demand and Supply**

The Reference Asset of the Scheme is Loco London Gold. Gold is a physical commodity and its supply is limited. The price of gold is subject to demand and supply. The demand and supply of gold will thus have an impact on the prices of the units of the Scheme.

- **Credit Risk of the Bank**

Your investments in the Scheme are subject to the credit risk of the Bank. Material adverse changes in the financial position of the Bank may impair or affect its ability to meet its obligations under the Scheme.

- **Insolvency Risk of the Bank**

There is no assurance of protection against a default by the Bank in respect of its payment obligations. If you invest in the Scheme, you are relying upon the creditworthiness of the Bank and of no other person. If the Bank becomes insolvent or defaults in its obligations under the Scheme, you can only claim as the Bank's unsecured creditor. In the worst case scenario, you may lose your entire investment.

- **Regulatory action(s) by resolution authorities under the Financial Institutions (Resolution) Ordinance in the event that the Bank is failing could adversely affect the market value of the Scheme or the ability of the Bank to meet the payment obligations under the Scheme.**

The Financial Institutions (Resolution) Ordinance (Cap. 628, the Laws of Hong Kong) (the "**FIRO**") was enacted by the Legislative Council of Hong Kong in June 2016. The FIRO (except Part 8, section 192 and Division 10 of Part 15 thereof) came into operation in July 2017.

The FIRO provides a regime for the orderly resolution of financial institutions with a view to avoiding or mitigating the risks otherwise posed by their non-viability to the stability and effective working of the financial system of Hong Kong, including the continued performance of critical financial functions. The FIRO seeks to provide the relevant resolution authorities with a range of powers to bring about timely and orderly resolution in order to stabilise and secure continuity for a failing authorised institution in Hong Kong. In particular, it is envisaged that subject to certain safeguards, the relevant resolution authority would be provided with powers to affect contractual and property rights as well as payments (including in respect of any priority of payment) that creditors would receive in resolution, including but not limited to powers to write off, or convert into equity, all or a part of the liabilities of the failing financial institution.

As an authorised institution regulated by the Hong Kong Monetary Authority, the Bank is subject to and bound by the FIRO. The exercise of any resolution power by the relevant resolution authority under the FIRO in respect of the Bank may have a material adverse effect on the market value of the Scheme or the ability of the Bank to meet the payment obligations under the Scheme, and as a result, you may not be able to recover all or any amount due under the Scheme. **In the worst case scenario, you could lose all of your investment regardless of the performance of the Scheme.**

This is a complicated area of law and if you have any doubt or wish to understand more, you should obtain independent legal advice.

- **Hedging Activities Risk relating to the Bank's Hedging Activities**

The Bank may enter into gold hedging transactions, which typically involve the establishment of long and/or short positions in the Reference Asset, with its respective hedging counterparties in the market. It is likely that these hedging transactions could adversely affect the price of the Reference Asset if the size of hedging transactions is substantial. In the circumstances, the unit prices of the Scheme, which are calculated with reference to the price of the Reference Asset, will be affected as well. The value of your investments in the Scheme may be adversely affected.

- **Set-off and Lien**

The Bank has the right, at any time without notice to you and as described in the DBS Paper Gold Scheme Terms and Conditions (the "**PGS Terms**") as well as the Bank Accounts and Services Terms and Conditions and the Terms and Conditions for Accounts under Wealth Management Investment Portfolio (Wealth Management Accounts) (the "**Master Terms**"), to combine or consolidate any credit balances of your accounts with the Bank and set-off, debit, withhold and / or transfer any sum thereof or any moneys, rights, interest and / or liabilities owing to you by the Bank under any such accounts in or towards satisfaction of all your liabilities (whether actual or contingent, future or existing, alone or jointly with others) owing to the Bank. Under the PGS Terms and the Master Terms, in addition to any lien that the Bank may be entitled, the Bank may sell any units of the Scheme in your Account at such time on such terms as the Bank may determine at its sole and absolute discretion (acting fairly, in good faith and in a commercially reasonable manner), and apply the proceeds of sale to satisfy the liabilities owed by you to the Bank. Copies of the PGS Terms and the Master Terms are available at the Bank's branches and website.

- **Conflicts of Interest**

Potential and actual conflicts of interest may arise from the different roles played by the Bank and the Bank's affiliates in connection with the Scheme. Although the Bank's economic interests in each role may be adverse to your interests in the Scheme, the Bank sets the necessary regulatory information barriers among its different business areas as well as formulates policies and procedures for minimising and managing such conflicts of interest, so as to comply with applicable laws and regulations, and to ensure the Bank's transactions or dealings will be transacted at arm's length.

- **Force Majeure**

The Bank is not liable for any failure or delay to meet its obligations due to any one or more of the following:

- (a) any act of God or sovereign;
- (b) acts, restrictions, regulations, edicts, mandates, refusals to grant any licenses or permissions, changes in policy or prohibitions or measures of any kind on the part of any government or regulatory authority or the exercise of military or usurped powers;
- (c) interruptions, calamity, war, invasion, riots, hostilities, terrorism, sabotage or other blockade or embargo, insurrection, natural disasters, adverse weather conditions, strikes, industrial actions;
- (d) breakdown, malfunction or failure of transmission or power, communication or computer facilities or systems;
- (e) infection or disease epidemic(s) or contamination; and
- (f) a material change in the monetary, political, financial or economic conditions or exchange or capital controls or other moratorium or restrictions on currency exchange or remittance, whether in Hong Kong or elsewhere,

(each, a "**Force Majeure Event**"). The Bank will use reasonable endeavours to meet its obligations under the Scheme as soon as reasonably practicable upon cessation of such event(s).

- **System Unavailability Risk**

The Bank takes all reasonable measures to monitor and oversee the availability of the systems and has contingency plans in place to mitigate the risks of system unavailability. However, there remains a risk that pricing and trading may be delayed or interrupted due to unforeseen issues in the systems.

- **Suspension of Dealing**

The Bank may suspend dealing of trading units of the Scheme if (i) any suspension of or limitation on trading of Loco London Gold, whether in the event of any technical failure of trading channel, unavailability of price quote or a Force Majeure Event, occurs; (ii) any event occurs that disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for Loco London Gold; or (iii) any event occurs that disrupts or impairs the Bank in general to effect transactions under the Scheme, in each case is material in the determination of the Bank acting in good faith and in a commercially reasonable manner. These disruption events are unpredictable and might occur when there is a drastic fluctuation in the price of gold. If dealing of trading of the Scheme is suspended, you will not be able to buy or sell your units of the Scheme nor to liquidate or offset your position. You may suffer a loss as a result.

- **Early Termination Risk**

- **Termination of Scheme**

The Bank has the right to terminate the Scheme in good faith and in a commercially reasonable manner with at least one month's prior written notice to you.

- **Termination of Account**

The Bank may terminate your Account in good faith and in a commercially reasonable manner by giving at least one month's prior notice in writing to you.

The Bank also has the right to terminate your Account at any time in good faith and in a commercially reasonable manner in the circumstances as described under the PGS Terms and the Master Terms, each as amended from time to time, including (without limitation) your failure to satisfy any obligations under the PGS Terms or the Master Terms, your winding-up or insolvency, any misrepresentation, or (if you are an individual) your death or becoming mentally incapacitated.

In such scenarios as stated above for termination of Account and/or Scheme, if you could not sell your units in the Scheme back to the Bank before the termination date, the amount payable by the Bank back to you on such termination will be determined by the Bank (in good faith and in a commercially reasonable manner) based on the prevailing Bank's Purchase Price of the units in your Account as of the termination date, which may be substantially less than your capital invested in the Scheme.

The Major Features of the Scheme

Product Name:	DBS Paper Gold Scheme
Product Type:	Paper gold scheme
Account Type:	A multi-currency non-interest bearing account
Account Mechanism:	Your investments in the Scheme will be made in units through a multi-currency non-interest bearing account under Wealth Management Accounts. The purchase of units of the Scheme will be credited to, and the sale of units of the Scheme will be debited from, this account. You may choose to purchase any unit of the Scheme in the Bank's Selling Price in one currency and may sell such unit in the Bank's Purchase Price in such currency or in another currency. Please refer to the Pricing Mechanism below for more details.
Currency Denomination:	The units of the Scheme are denominated in USD.
Reference Asset:	Loco London Gold, as specified by the London Bullion Market Association. It represents the basis for international trading and settlement in gold in the London bullion market and is a global over-the-counter gold trading market without geographical limitation, where quotes are made by market dealers based on USD per ounce. The fineness is not less than 99.5%.
Quotation Unit Mechanism:	The quotation unit of the Scheme is one unit. One unit of the Scheme is referenced to one ounce of the Reference Asset. The quotation prices of one unit of the Scheme are referenced to the price of the Reference Asset, which is based on USD per ounce as quoted by the market dealers to the Bank.
Pricing Mechanism:	<p>The price per unit of the Scheme is quoted by the Bank as the Bank's Selling Price (as defined below) and the Bank's Purchase Price (as defined below) respectively.</p> <p>The "Bank's Selling Price" means the price you pay if you wish to buy one unit of the Scheme from the Bank. The Bank will quote the Bank's Selling Price in USD, HKD, AUD, GBP or RMB. In determining the Bank's Selling Price, the Bank will take into account (i) the purchase price of one unit of the Reference Asset in USD as quoted by market dealers to the Bank; (ii) the Bank's profit margins; and (iii) for the Bank's Selling Price provided in HKD, AUD, GBP or RMB, the prevailing exchange rate between USD and each such other currency. The prevailing exchange rate will be determined by the Bank in good faith and commercially reasonable manner with reference to the quotes provided by the</p>

	<p>Bank itself or on the interbank foreign exchange market at the time.</p> <p>The “Bank’s Purchase Price” means the price you receive if you wish to sell one unit of the Scheme to the Bank. The Bank will quote the Bank’s Purchase Price in USD, HKD, AUD, GBP or RMB. In determining the Bank’s Purchase Price, the Bank will take into account (i) the selling price of one unit of the Reference Asset in USD as quoted by market dealers to the Bank; (ii) the Bank’s profit margins; and (iii) for the Bank’s Purchase Price provided in HKD, AUD, GBP or RMB, the prevailing exchange rate between USD and each such other currency. The prevailing exchange rate will be determined by the Bank in good faith and commercially reasonable manner with reference to the quotes provided by the Bank itself or on the interbank foreign exchange market at the time.</p> <p>The Bank’s profit margin would not exceed 2% of the Bank’s Selling Price or the Bank’s Purchase Price (as the case may be) from time to time. The Bank reserves the right to change the Bank’s maximum profit margins by giving at least one month’s prior written notice to you.</p> <p>The Bank’s Selling Price and the Bank’s Purchase Price are rounded to 2 decimal places, with 0.005 or above being rounded upwards and with below 0.005 being rounded downwards.</p>
Minimum Transaction Amount:	Minimum transaction amount is one unit, and incremental of one unit thereafter.
Maximum Transaction Amount:	Maximum transaction amount is USD 5 Million (or its equivalent in other currencies as converted by the Bank).
Trading Channels:	Through the Bank’s branches.
Trading Time:	9:00 am to 4:30 p.m. on Mondays to Fridays (except Hong Kong public holidays).
<p>Governing Law of the Scheme</p> <p>The Scheme is governed by the laws of Hong Kong Special Administrative Region of the People’s Republic of China (“Hong Kong”).</p>	
<p>Fees and Charges</p> <p>No separate handling fee or charge will be levied on any transactions under the Scheme. In a purchase or sale by you, the Bank’s profit margin (as mentioned in Pricing Mechanism above) is already inherently contained in and subsumed in the Bank’s Purchase Price and the Bank’s Selling Price of the Scheme. The Bank may vary or impose fees and charges by giving at least one month’s prior written notice.</p>	
<p>Suspension of Dealing</p> <p>The Bank may suspend dealing of trading units of the Scheme if (i) any suspension of or limitation on trading of Loco London Gold, whether in the event of any technical failure of trading channel, unavailability of price quote or a Force Majeure Event, occurs; (ii) any event occurs that disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for Loco London Gold; or (iii) any event occurs that disrupts or impairs the Bank in general to effect transactions under the Scheme, in each case is material in the determination of the Bank acting in good faith and in a commercially reasonable manner. In case of a suspension of dealing of units of the Scheme, the Bank shall inform Scheme participants as soon as reasonably practicable (including posting a relevant notice at the Bank’s website (www.dbs.com.hk) or displaying a notice at our branches). These disruption events are unpredictable and might occur when there is a drastic fluctuation in the price of gold. When trading resumes, it is possible that the price of the units of the Scheme may deviate significantly from the price published prior to the suspension of dealing.</p>	

Amendment to the Terms and Conditions of the Scheme

The Bank reserves the right to amend the terms and conditions of the Scheme as set out in the PGS Terms as well as the Master Terms, with which the PGS Terms should be read together. Any amendment will be made by the Bank in its absolute discretion (acting in good faith and in a commercially reasonable manner) with at least one month's prior written notice to you. Copies of the PGS Terms and the Master Terms are available at the Bank's branches and website (www.dbs.com.hk) free of charge.

Ongoing Obligations

The Bank will notify the Securities and Futures Commission ("**SFC**") and you as soon as reasonably practicable if the Bank ceases to meet any requirements of the Overarching Principles Section of the SFC Handbook for Unit Trusts and Mutual Funds, Investment-Linked Assurance Schemes and Unlisted Structured Investment Products and, to the extent permitted by any applicable laws, changes in the Bank's financial condition or other circumstances which could reasonably be expected to have a material adverse effect on the Bank's ability to fulfil its commitment under the Scheme. For enquiries, please contact any branches of the Bank. The Bank shall inform Scheme participants as soon as reasonably practicable of any information concerning the Scheme which is necessary to enable Scheme participants to appraise the position of the Scheme.

The Bank will give at least one month's prior written notice (or such other period of notice in compliance with applicable laws and regulations) and submit any proposed changes to the Scheme in respect of the following to the SFC for prior approval:

- (a) changes to the terms and conditions of the Scheme;
- (b) changes of key operators and their regulatory status and controlling shareholder;
- (c) changes in investment objectives, policies and restrictions, fee structure and dealing and pricing arrangements; and
- (d) any other changes that may materially prejudice Scheme participants' rights or interests.

If the Scheme is to be terminated or withdrawn from the SFC's authorization, in addition to following any procedures set out in the terms and conditions or governing law of the Scheme, notice (with at least one month's prior written notice period) must be given to Scheme participants.

Please refer to the section "Ongoing Obligations" on pages 12-13 of the Principal Brochure for details.

The Documentation of the Scheme

The offering documents of the Scheme (the "**Offering Documents**") comprise:

- (i) the Principal Brochure for the Scheme dated 28 February 2022; and
- (ii) this Product Key Facts Statement dated 28 February 2022.

The Offering Documents contain detailed information in respect of the Bank and the Scheme. You should read all such documents before deciding whether or not to invest in the Scheme.

The Bank has the obligation to distribute to you ALL of the above documents in English or Chinese as you may prefer. Copies of the Offering Documents are available at the Bank's branches free of charge or on the Bank's website.

Contact Details of the Bank

DBS Bank (Hong Kong) Limited

Address: 11/F, The Center, 99 Queen's Road Central, Central, Hong Kong
