Dear Shareholder,

Schroder International Selection Fund – Enhancement of disclosures on Dilution Adjustment

We are writing to advise you of updates to the section headed 'Dilution Adjustment' in the prospectus of Schroder International Selection Fund (the "Company"). Unless otherwise specified, capitalized terms herein shall have the same meaning as those defined in the prospectus of the Company.

With effect from 27 April 2021 (the "Effective Date") the following change will apply, which enhances the flexibility of the Management Company to make a dilution adjustment in unusual or exceptional market conditions:

- While dilution adjustments are not expected to exceed 2% of a Fund's net asset value, under unusual or exceptional market conditions (such as significant market volatility, market disruption or significant economic contraction, a terrorist attack or war (or other hostilities), a pandemic or other health crisis, or a natural disaster), the Management Company may decide, on a temporary basis, to adjust the net asset value of a Fund by more than 2% when such a decision is justified as being in the best interests of the shareholders;

In addition, the following clarifications have been added:

- Schroders' Group Pricing Committee provides recommendations to the Management Company on the appropriate level of dilution adjustment and level of threshold that should trigger the application of swing pricing in a Fund. The Management Company remains ultimately responsible for such pricing arrangements;
- The dilution adjustment is applied to all subscriptions, redemptions and/or switches in and out of a Fund on any given Dealing Day once the total level of such dealing in the Fund on that Dealing Day has exceeded the applicable threshold; and
- The Company applies a dilution adjustment to all of its Funds.

All other key features of the Company's sub-funds including the fees chargeable and the risk profile in respect of the sub-funds will remain the same. Save for the changes as mentioned above, there is no change in the operation and/or manner in which the sub-funds are being managed. These changes do not materially prejudice the rights or interests of existing Shareholders.

The Hong Kong offering documents of the Company (comprising the Prospectus, Hong Kong Covering Document and Product Key Facts Statements) will be revised in due course to reflect the above changes. The Hong Kong offering documents are available free of charge at www.schroders.com.hk¹ or upon request from the Hong Kong Representative of the Company, Schroder Investment Management (Hong Kong) Limited (the "Representative") at Level 33, Two Pacific Place, 88 Queensway, Hong Kong.

We hope that you will choose to remain invested in the Company following these changes, but if you do wish to redeem your holding or to switch into another of the Company's sub-funds authorized by the Securities and Futures Commission ("SFC")² before the changes become effective you may do so at any time up to and including deal cut-off on 26 April 2021. Please ensure that your redemption or switch instruction reaches the Representative in Hong Kong before this deadline. We will execute your redemption or switch instructions in accordance with the provisions of the Company's prospectus, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local deal cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach the Representative in Hong Kong before the deal cut-off on 26 April 2021.

Costs of making these changes including regulatory and shareholder communication costs will be borne by Schroder Investment Management (Europe) S.A. which is the Company's management company.

If you have any questions or would like more information, please contact your usual professional advisor or the Representative at Level 33, Two Pacific Place, 88 Queensway, Hong Kong or calling the Schroders Investor Hotline on (+852) 2869 6968.
