BLACKROCK GLOBAL FUNDS

Registered office: 2-4, rue Eugène Ruppert,
L-2453 Luxembourg,
Grand Duchy of Luxembourg
R.C.S. Luxembourg B.6317

19 December 2013

To the shareholders of the BlackRock Global Funds – European Small & MidCap Opportunities Fund (the “Euro Small & MidCap Fund”)

Dear Shareholder,

The board of directors (the “**Directors**”) of BlackRock Global Funds (the “**Company**”) is writing to you to advise you of the following changes that it proposes to make to the Company and its sub-funds, in particular the merger of the Euro Small & MidCap Fund into the BlackRock Global Funds – European Growth Fund (the “**Euro Growth Fund**”) (the “**Merger**”). All changes set out in this letter take effect on 14 February 2014 (the “**Effective Date**”), unless specifically stated and this letter forms notice to shareholders of that fact.

1. Background/Rationale for the Merger

In accordance with Article 28 of the Company’s Articles of Incorporation, the Directors believe that it is in the interest of shareholders to merge the Euro Small & MidCap Fund into the Euro Growth Fund on the Effective Date. However, please note that the Directors did not examine the suitability of the Merger in respect of your individual needs or risk tolerance and shareholders are advised to seek independent financial/tax advice in respect of their individual circumstances.

As at 31 October 2013 the respective sizes of the Euro Small & MidCap Fund and the Euro Growth Fund were approximately EUR369 million and EUR602 million. Following a review of the Company’s range of sub-funds, the Directors believe that the Euro Growth Fund offers an enhanced investment opportunity as it will have additional investment flexibility that should enable it to more readily adapt to changing stock market conditions.

2. Main Features of the Euro Small & Mid Cap Fund and the Euro Growth Fund (to be re-named and re-positioned as the “European Special Situations Fund” on the Effective Date)

On the Effective Date the Euro Growth Fund will be re-named as the “European Special Situations Fund” and its investment policy will be re-positioned as further detailed below and as set out in the Appendix. Please refer to the Appendix for a comparison of investment objectives and policies, risk profiles and fees & expenses for the sub-funds concerned. The rationale for the re-positioning is to provide the investment adviser with the flexibility to invest in a broader range of securities. After the repositioning of the investment policy, the European Special Situations Fund will change its benchmark from the MSCI Europe Growth Index to the MSCI Europe Index and its investment policy will be designed to reflect that in normal market conditions the European Special Situations Fund will invest at least 50% of its total assets in small and mid-capitalisation companies. Small and mid-capitalisation companies are considered companies which, at the time of purchase, form the bottom 30% by market capitalisation of European stock markets. The European Special Situations Fund will place particular emphasis on “special situations” companies that, in the opinion of the investment adviser, are companies with potential for improvement that the market has failed to appreciate. The re-positioning and renaming will not change how the sub-fund is currently managed.

The risk profiles of the Euro Small & MidCap Fund and the European Special Situations Fund are similar and consistent risks should apply as set out in the prospectus. The Euro Small & MidCap Fund places a particular emphasis on European small and mid-capitalisation companies and invests at least 70% of its total assets in these companies. Although the European Special Situations Fund may also invest in European small and mid-capitalisation companies it will have a more flexible investment approach and will not be required to invest in such companies to the same extent as the Euro Small & MidCap Fund. The European Special Situations Fund will adopt a more flexible investment approach regarding market capitalisation and will have the ability to invest to a greater extent than the Euro Small & MidCap Fund in large capitalisation companies while still investing at least 50% of its total assets in the bottom 30% by market capitalisation of European stock markets. This flexible investment approach enables it to adapt to changing stock market conditions and invest in companies that the investment adviser believes have growth potential regardless of the size of the company.

The Euro Small & MidCap Fund and the European Special Situations Fund have the same fees and expenses and investment adviser (namely BlackRock Investment Management (UK) Limited). Michael Constantis is the key portfolio manager for the Euro Small & MidCap Fund and will also be the key portfolio manager for the European Special Situations Fund.

3. Impact on the Shareholders of the Euro Small & MidCap Fund regarding the Merger

The Euro Small & MidCap Fund will be closed to subscriptions from 4 Luxembourg business days before the Effective Date. Subscriptions in the Euro Small & MidCap Fund after this date will be rejected. For the avoidance of doubt, from the date of this notice subscriptions from new Hong Kong investors into the Euro Small & MidCap fund will no longer be accepted. On the Effective Date, shareholders in the Euro Small & MidCap Fund will become shareholders in the European Special Situations Fund and the Euro Small & MidCap Fund will cease to exist.

At close of business on the Effective Date, the assets and liabilities of the Euro Small & MidCap Fund will be merged into the European Special Situations Fund and the shareholders of the Euro Small & MidCap Fund will receive a number of shares in the European Special Situations Fund, the total value of which will correspond to the total value of their shares in the Euro Small & MidCap Fund which will be determined by multiplying the number of shares in such class in the Euro Small & MidCap Fund by the exchange ratio. The exchange ratio will be calculated for each class by dividing the net asset value per share of such class in the Euro Small & MidCap Fund calculated on the Effective Date by the net asset value per share in the corresponding share class in the European Special Situations Fund calculated at the same time on the Effective Date. Shareholders of the Euro Small & MidCap Fund may refer to the next Monthly Statement after the Effective Date for the number of shares received in the European Special Situations Fund after the Merger. The portfolio of the Euro Small & MidCap Fund will be re-positioned in order to structure it appropriately for the Merger.

All costs of the Merger including legal, administrative, advisory and investment level transaction costs (for example brokerage fees) incurred in relation to the repositioning of the portfolio of the Euro Small & MidCap Fund prior to the Effective Date will be borne by BlackRock Luxembourg S.A. or its affiliate. It is expected that these costs will be approximately EUR720,000.

There are no outstanding unamortized preliminary expenses in relation to the Euro Small & MidCap Fund.

4. Shareholders Rights

Redemption and Switch of Shares

If you do not wish to participate in the Merger, you may apply to redeem your shares or switch them into shares of any other of the Company's sub-funds (in the case of Hong Kong shareholders, which are SFC-authorised for sale to the public in Hong Kong[^]) free of any switching, redemption or other charges (other than the anti-dilution costs in dealing as set out in Appendix B paragraph 17(c) of the Company's prospectus) in accordance with the provisions of the Company's prospectus. Such redemption/switching requests will be accepted up to the cut-off point (12 noon Luxembourg time or 6.00 p.m. Hong Kong time) on the relevant dealing day) up to 4 Luxembourg business days before the Effective Date. Redemption/switching requests received after this date will be rejected and you will participate in the Merger as described above in "Impact on the Shareholders of the Euro Small & MidCap Fund regarding the Merger". Dealing in shares in the European Special Situations Fund will begin the next Luxembourg business day after the Effective Date in accordance with the provisions of the Company's prospectus.

If you choose to redeem your shares, the redemption proceeds will be paid to you in accordance with the provisions of the Company's prospectus. If you choose to switch your shares to a holding in a different sub-fund of the Company, the proceeds will be utilised to purchase shares in the sub-fund(s) specified by you at the share price applicable to that sub-fund in accordance with the provisions of the Company's prospectus.

Any conversion or redemption of your shares may affect your tax position. You should therefore seek guidance from your professional advisers on any applicable taxes in the country of your respective citizenship, domicile or residence.

[^] The SFC's authorisation is not a recommendation or endorsement of the Company or its sub-funds nor does it guarantee the commercial merits of the Company or its sub-funds or their performance. It does not mean the Company or its sub-funds are suitable for all investors nor is it an endorsement of their suitability for any particular investor or class of investors.

Right to obtain further information

Key Investor Information Documents (“**KIIDs**”)** of the Euro Growth Fund (which contains a reference regarding the re-positioning to the European Special Situations Fund on the Effective Date) are available at: <http://kiid.blackrock.com>. You may obtain, upon request, a copy of the report of the auditor on the Merger as well as a copy of the common terms of merger. Both are available at the registered office of the Company or your local representative and can be sent to you by e-mail.

5. Risk considerations

The Directors did not examine the suitability of this investment versus your individual needs or risk tolerance. In order for you to consider whether the European Special Situations Fund is appropriate for you, we strongly recommend that you read the offering documents of the Company and relevant KIID**. Please contact your independent adviser if you have any doubts as to the level of risk you wish to take.

* Please note that this Share Class is not available to retail investors in Hong Kong.

** KIIDs or references to SRRI (which is the risk reward indicator in the KIID) are not relevant for Hong Kong shareholders and may not be relevant for shareholders in other jurisdictions. Accordingly, the SFC has not reviewed the contents of the KIID website which contains information regarding sub-funds not authorised by the SFC.

6. Taxation

The tax consequences of the Merger may vary for investors depending on the tax laws of your country of residence or domicile. Any conversion or redemption of your shares may affect your tax position. You should therefore seek guidance from your professional advisers on any applicable taxes in the country of your respective citizenship, domicile or residence. Ordinarily, the Merger should not have any tax implications for Hong Kong shareholders. However, Hong Kong shareholders are advised to seek specific tax advice based on their specific circumstances.

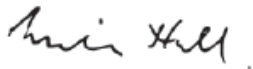

7. General Information

Unless otherwise specified, all fund information applies to A2 share class in base currency only, as of 31 October 2013. Investment involves risk. Past performance is not a guide to future performance.

Performance is shown as at 31 October 2013 in EUR on a NAV to NAV price basis with income reinvested. Fund performance figures are calculated net of fees. The chart shows the Fund's annual performance for each full calendar year over the period displayed in the chart. It is expressed as a percentage change of the fund's net asset value at each year-end after the deduction of annual fees.

Apart from information mentioned in the table above, all other fees and expenses and risk considerations in respect of Euro Growth Fund/European Special Situations Fund are identical to the Euro Small & MidCap Fund as set out in the prospectus.

The Total Expense Ratio is calculated as the ratio of total expenses (including management fees and operating expenses with the exception of custody transaction fees*, distribution fees and securities lending fees**) to average total net assets.

* The Custodian receives annual fees, based on the value of securities, which accrue daily, plus transaction fees. The annual custody safekeeping fees range from 0.005% to 0.441% per annum and the transaction fees range from USD8.8 to USD196 per transaction for example buying and selling blocks of securities. Please note that the Total Expense Ratio does not cover the above transaction fees.

** The securities lending agent, BlackRock Advisors (UK) Limited, receives remuneration in relation to its activities. Such remuneration shall not exceed 40% of the net revenue from the activities, with all operational costs borne out of BlackRock's share.
