

CONVENING NOTICE TO THE SHAREHOLDERS OF UBS (LUX) KEY SELECTION SICAV

Notice is hereby given to the shareholders that an

EXTRAORDINARY GENERAL MEETING

of the shareholders of the Company (the **General Meeting**) will be held on 18 September 2015 at 11.30 a.m. (Luxembourg time) at the registered office of the Company with the following:

Agenda:

1. Amendment of Article 10 (Determination of the net asset value), rule (f) of paragraph 1 of the Articles of Incorporation of the Company which shall henceforth read as follows:

"f) The value of money market instruments which are not listed on a stock exchange or traded on another regulated market open to the public is based on the appropriate curves. The valuation based on the curves refers to the interest rate and credit spread components. The following principles are applied in this process: for each money market instrument, the interest rates nearest the residual maturity are interpolated. The interest rate calculated in this way is converted into a market price by adding a credit spread that reflects the underlying borrower. This credit spread is adjusted if there is a significant change in the credit rating of the borrower.

Interest income earned by sub-funds between the Order Date concerned and the respective Settlement Date may be included in the valuation of the assets of the sub-funds concerned. The asset value per share on a given valuation date may therefore include projected interest earnings."

2. Amendment of Article 10 (Determination of the net asset value), paragraph 1 of Article 10 (and after rule (i) of para. 1) of the Articles of Incorporation of the Company which shall henceforth read as follows:

"The Company is entitled to apply other appropriate valuation principles which have been determined by it in good faith and are generally accepted and verifiable by auditors to the Company's assets as a whole or of an individual sub-fund if the above criteria are deemed impossible or inappropriate for accurately determining the value of the sub-funds concerned.

If required, additional valuations, which will affect the prices of the shares to be subsequently issued or redeemed, may be carried out within one day."

3. Amendment of Article 17.1 (Permitted investments of the Company), sub-paragraph (g) (iii) of the Articles of Incorporation of the Company which shall henceforth read as follows:

"(iii) the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the Company's initiative; [...]."

4. Miscellaneous.

Subject to shareholder's approval being obtained at the General Meeting, the changes above are expected to come into effect on 18 October 2015.

The proposed restatement of the articles of incorporation of the Company is available upon request at the registered office of the Company.

At the extraordinary shareholders' meeting, each share entitles to one vote.
