

This **Bank Charges Schedule (DBS Account and Treasures customers)** is published to let you know the fees and charges DBS Bank (Hong Kong) Limited (“the Bank”) levies for the services we provide to our customers in the Hong Kong Special Administrative Region (effective date: 16 October 2024) (unless otherwise specified). We hope you find it useful. The service charges contained in this booklet are correct at the time of printing. These charges are subject to change and the Bank reserves the right to introduce service charges not included in this booklet. Details of service charges not shown in this booklet are contained in our relevant product leaflets or are available on request at our branches. If you have any enquiries concerning the fees and charges contained in this booklet, please contact our branch staff or visit our website at www.dbs.com.hk.

All the bank charges items for DBS Treasures segment under this Bank Charges Schedule would also be applicable to clients of DBS Private Bank and DBS Treasures Private Client who access our bank’s services for retail products accounts. These may include but are not limited to Current Accounts, Savings Accounts and Time Deposit Accounts. For any enquiries, please feel free to reach out to your Relationship Manager for assistance.

Wherever there is a discrepancy between the English and Chinese versions of this Bank Charges Schedule, the English version prevails.

<ol style="list-style-type: none"> Only HKD and / or RMB account could be linked with ATM card, and only HKD account could be linked with credit card. Some overseas ATMs do not support account selection options and may only allow cash withdrawal from the designated account determined by the local bank that provides the ATM service which may involve foreign exchange. For transactions effected via the JETCO network, the cash withdrawn is converted directly into HKD at daily exchange rate. The daily exchange rate of MOP is set by JETCO which can be enquired through JETCO's customer service hotline at 2520 1747. The RMB withdrawn is converted directly into HKD at the daily exchange rate of RMB as set by the Bank that provides the ATM service. Only applicable to bank account(s) being added to credit card. For transactions effected via the Visa plus network, the cash withdrawn is first converted to USD, and then to HKD, at the daily exchange rates set by Visa plus which can be enquired at Visa plus's website www.visa.com. The overseas cash withdrawal may also be subject to fees and charges imposed by the local bank that provides the ATM service. Please pay attention to it before you make the cash withdrawal. The supported currencies of DBS ATM Cards are HKD and RMB; DBS Diamond Debit Card are HKD, RMB, USD, SGD, JPY, AUD, GBP, EUR, NZD, CAD, CHF, SEK, DKK and NOK. Any transaction of supported currencies through overseas ATMs will be debited from your respective foreign currency account (if available) if sufficient amount for transaction is available. If no sufficient foreign currency is available to complete the transaction, the amount of foreign currency transaction will be converted directly into HKD equivalent using an exchange rate set by DBS for the day of transaction. For ATM card that uses Renminbi account as its primary account, the cash withdrawal fee will be debited in Renminbi. For any foreign currency transaction other than the above supported currencies, the amount of foreign currency transaction will be converted directly into HKD equivalent using UnionPay exchange rate which can be enquired at UnionPay's website www.unionpayintl.com. Customers may sometimes be offered the option to settle foreign currency transactions in HKD at the point of sale/ ATM overseas (if applicable). Such option is a direct arrangement offered by the overseas merchants/ATM operators and not the card issuer. In such cases, customers are reminded to find out from the merchants/ ATM operators about the foreign currency exchange rates and the percentage of handling fees to be applied before entering into the transactions since settling foreign currency transactions in HKD may involve a higher cost than settling in foreign currency. Each Autopay/Payroll/AutoCollect transaction will be charged separately.
