Top 5 innovations to give the control you want

1 The Dashboard

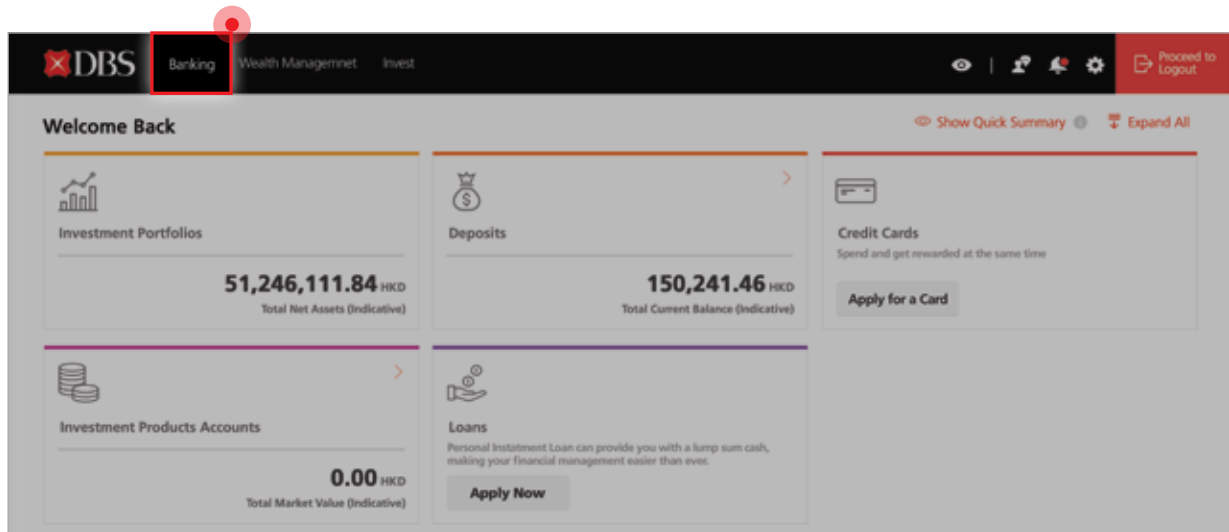

Get the full picture in a single glance, with complete clarity

We know that your time is precious and that you are often on the move. That is why each feature of DBS iWealth is designed to be clear and simple. The first touchpoint after logging into DBS iBanking is the main Dashboard, which gives you an at-a-glance overview of your portfolio.

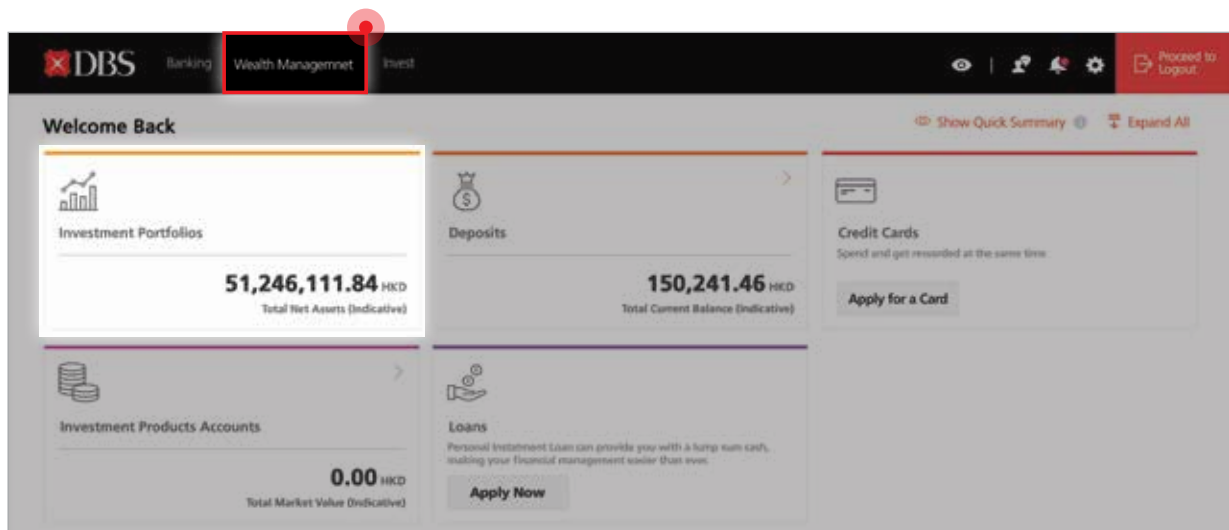

Should you need a closer look, simply click on the relevant tab for more in-depth information.

To access your usual banking features, such as transfers and payments, simply click on the “Banking” tab.

A more in-depth analysis of your investment portfolio is just a click away. Just tap the “Wealth Management” tab or the “Investment Portfolios” tile.

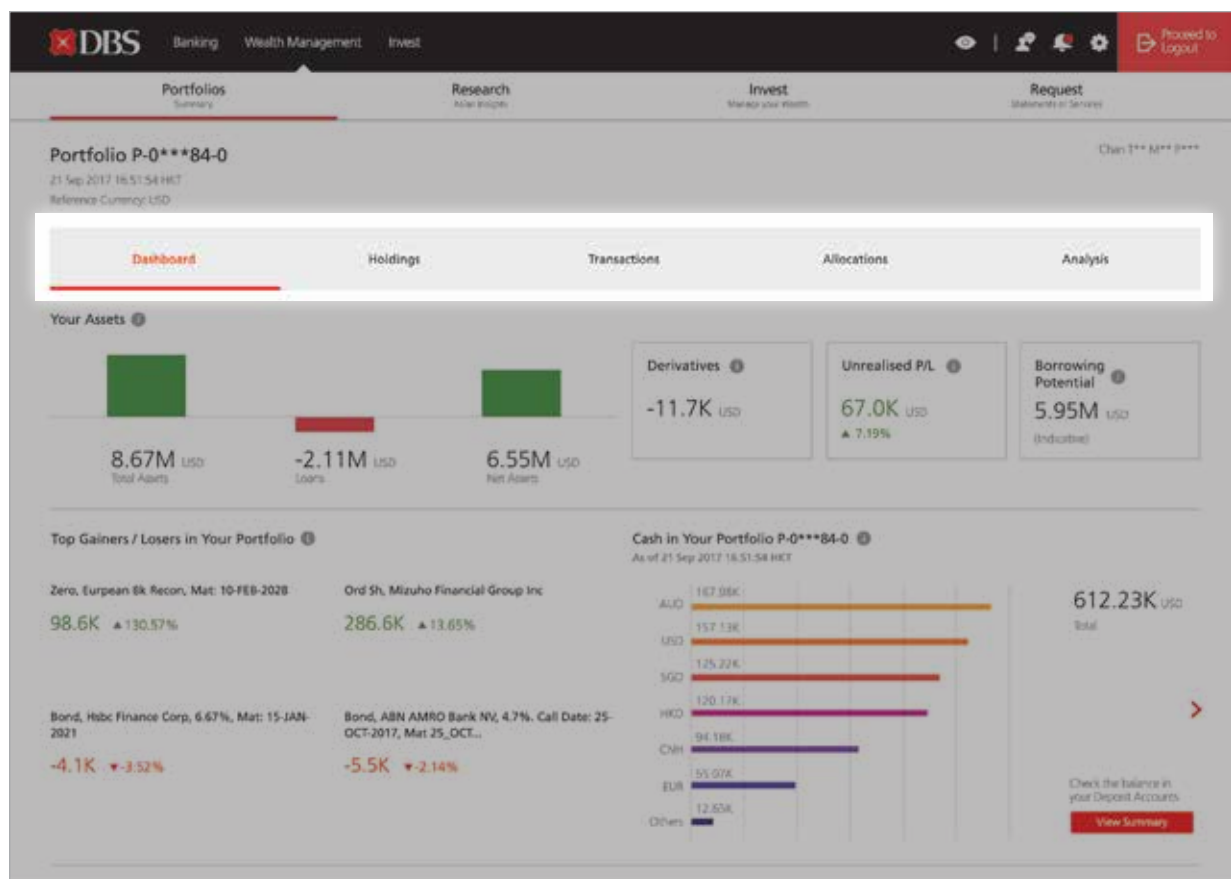

2 Portfolio Overview and Analysis

Enhance your decisions and diversify your portfolio investments for your next move

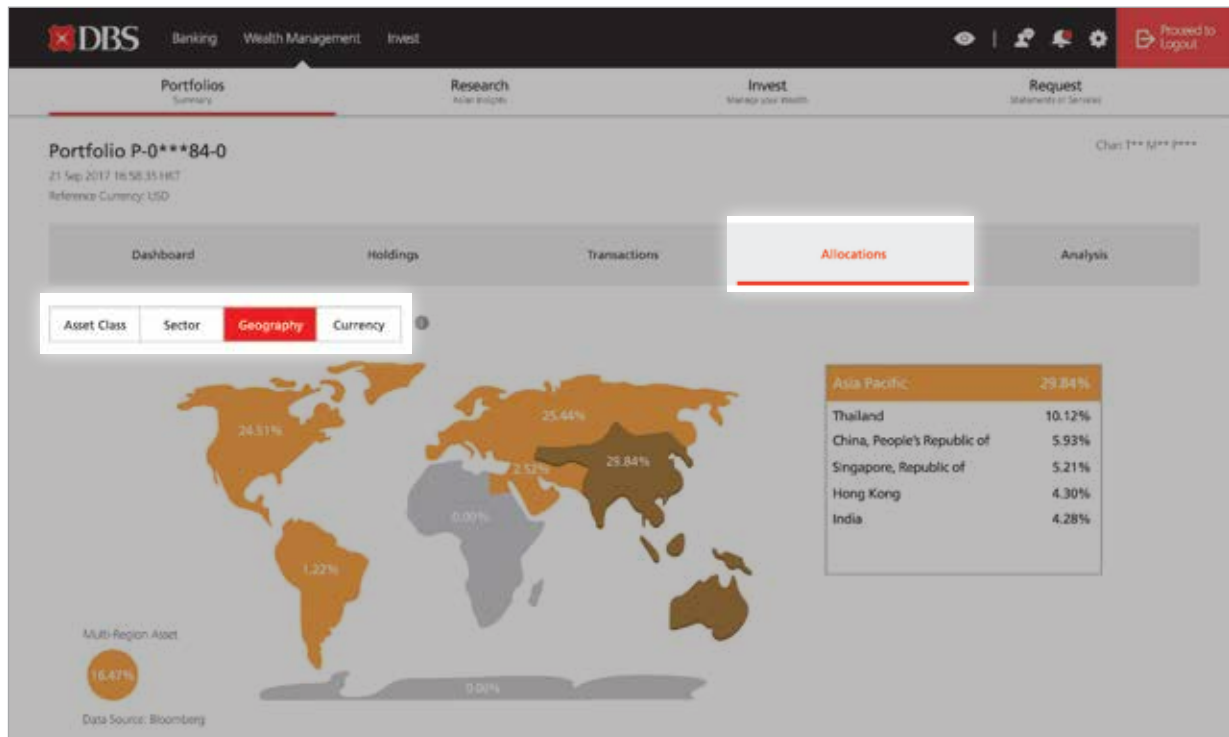

A clear understanding of your current position is essential before making any financial decision. The DBS iWealth portfolio summary provides just that.

View a clear breakdown of your portfolio asset movements, holdings, transactions, allocations and analysis.

Portfolio Allocations

This feature allows you to monitor your portfolio by category. Simply click on the “Asset Class”, “Sector”, “Geography” or “Currency” tabs to view the breakdown you are looking for.

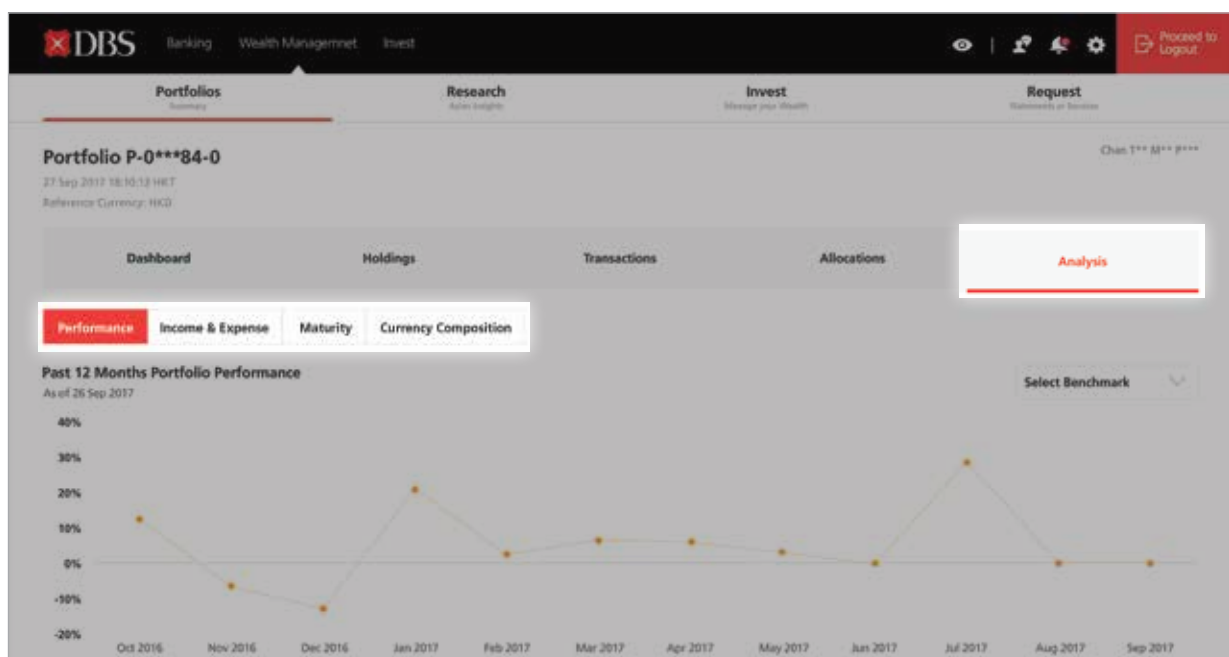

Portfolio Analysis

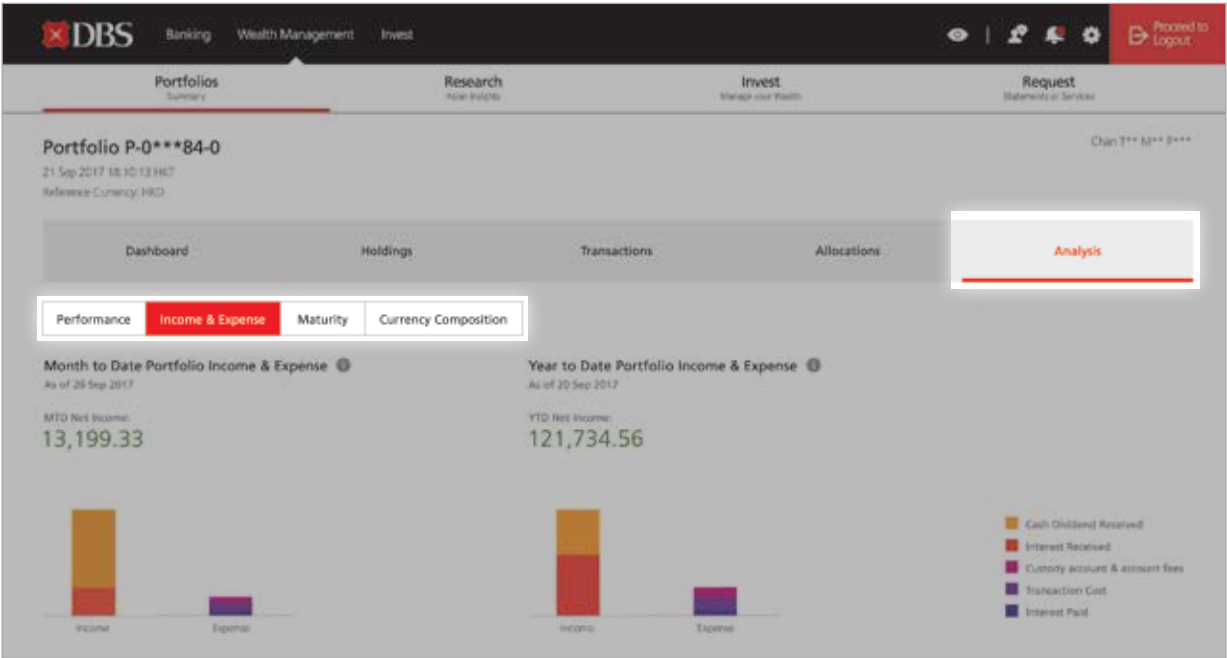

With this function, you get a clear understanding of exactly how your portfolio is doing through an easy-to-read performance chart.

You can view your portfolio view with the following analysis measurements:

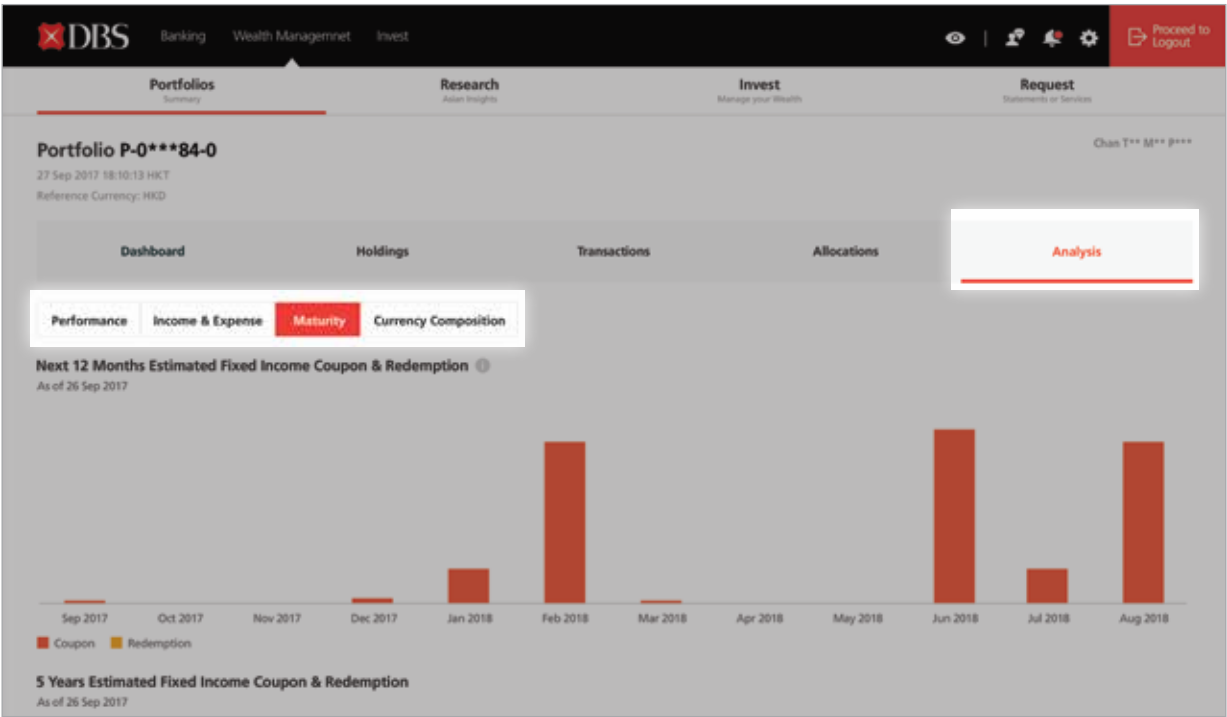

- Performance

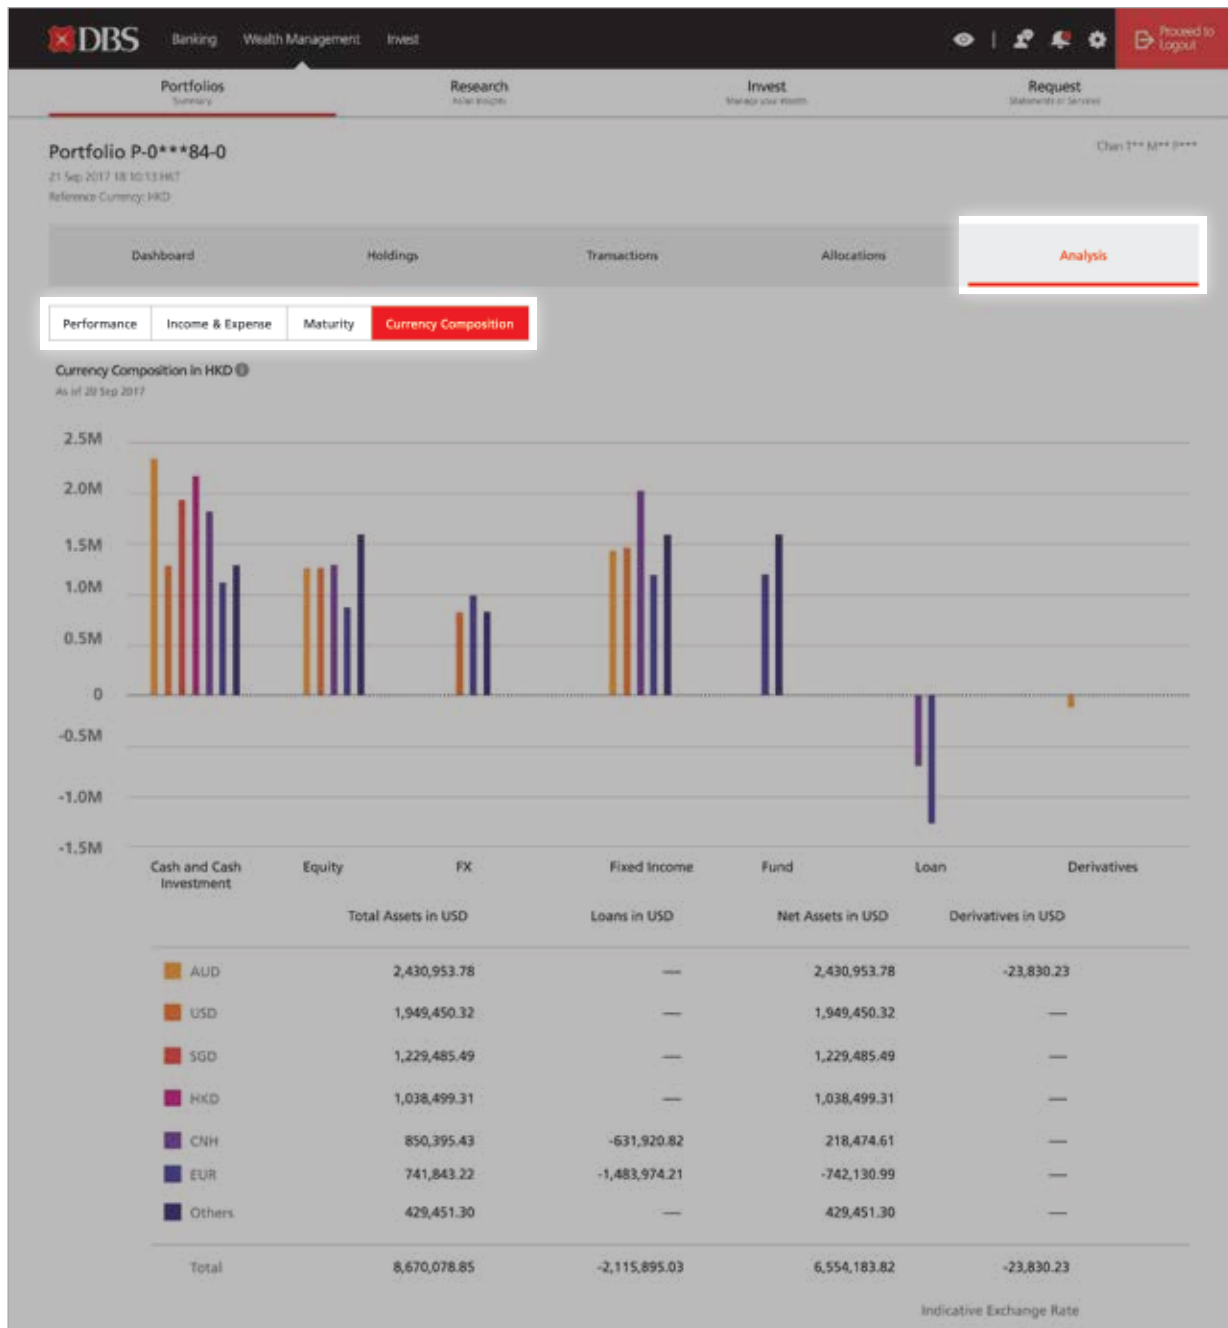

- Income and Expense

- Maturity

- Currency Composition

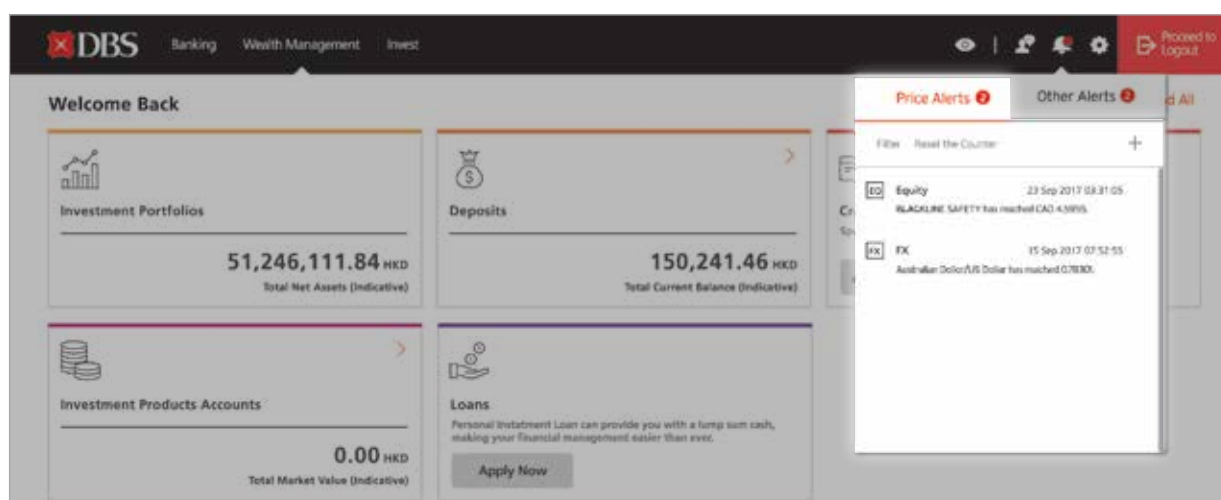

3 Customised Alerts

A comprehensive range of customised price alerts and other investment-related notifications to keep you promptly informed

We live in a fast-paced world where success favours the quick. Staying on top of markets allows you to seize valuable opportunities when they arise. DBS iWealth offers a comprehensive range of alerts and notifications to ensure you are promptly updated when there is a market event.

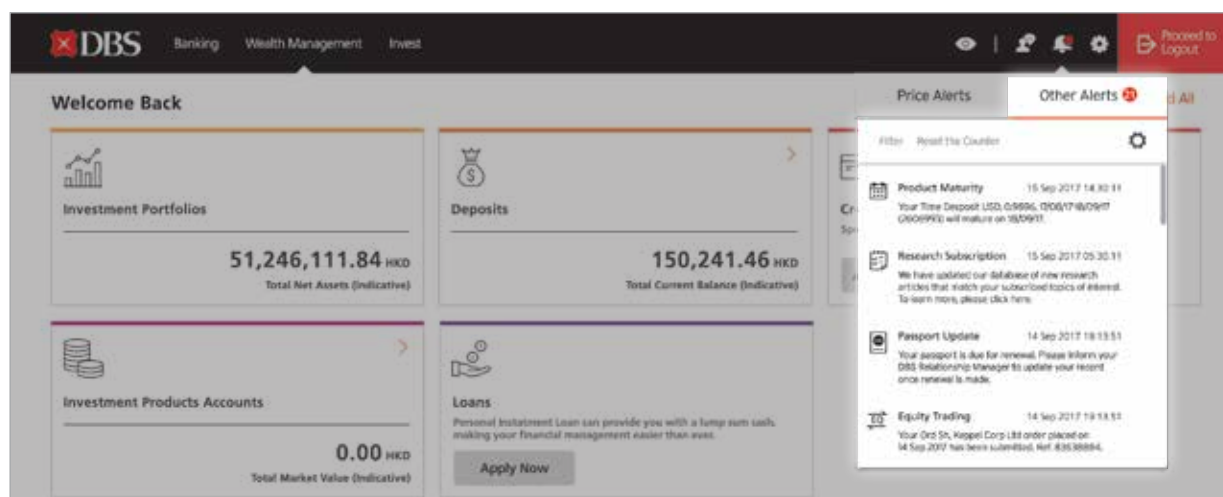

Price Alerts

Be alerted to the moment your target stock or FX hits your pre-selected price with customised price alerts. Receive notifications wherever you are, through SMS or email.

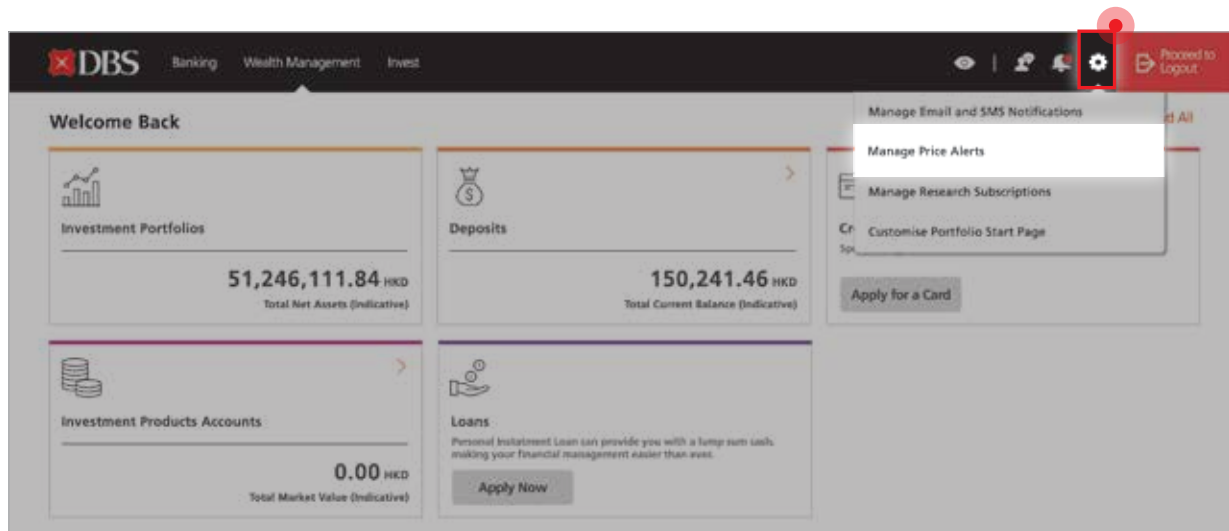

Other Alerts

Stay informed with other alerts and be updated on voluntary corporate actions (such as dividend choices) and bond maturities. Receive important news as soon as it emerges.

Easy Steps to Customise Your Alerts

- Click on the “Settings” icon 
- Click “Manage Price Alerts”

- Search for a stock, set a target value and click “Add”
- Choose to receive the alert* via SMS or email when the price you have set is reached

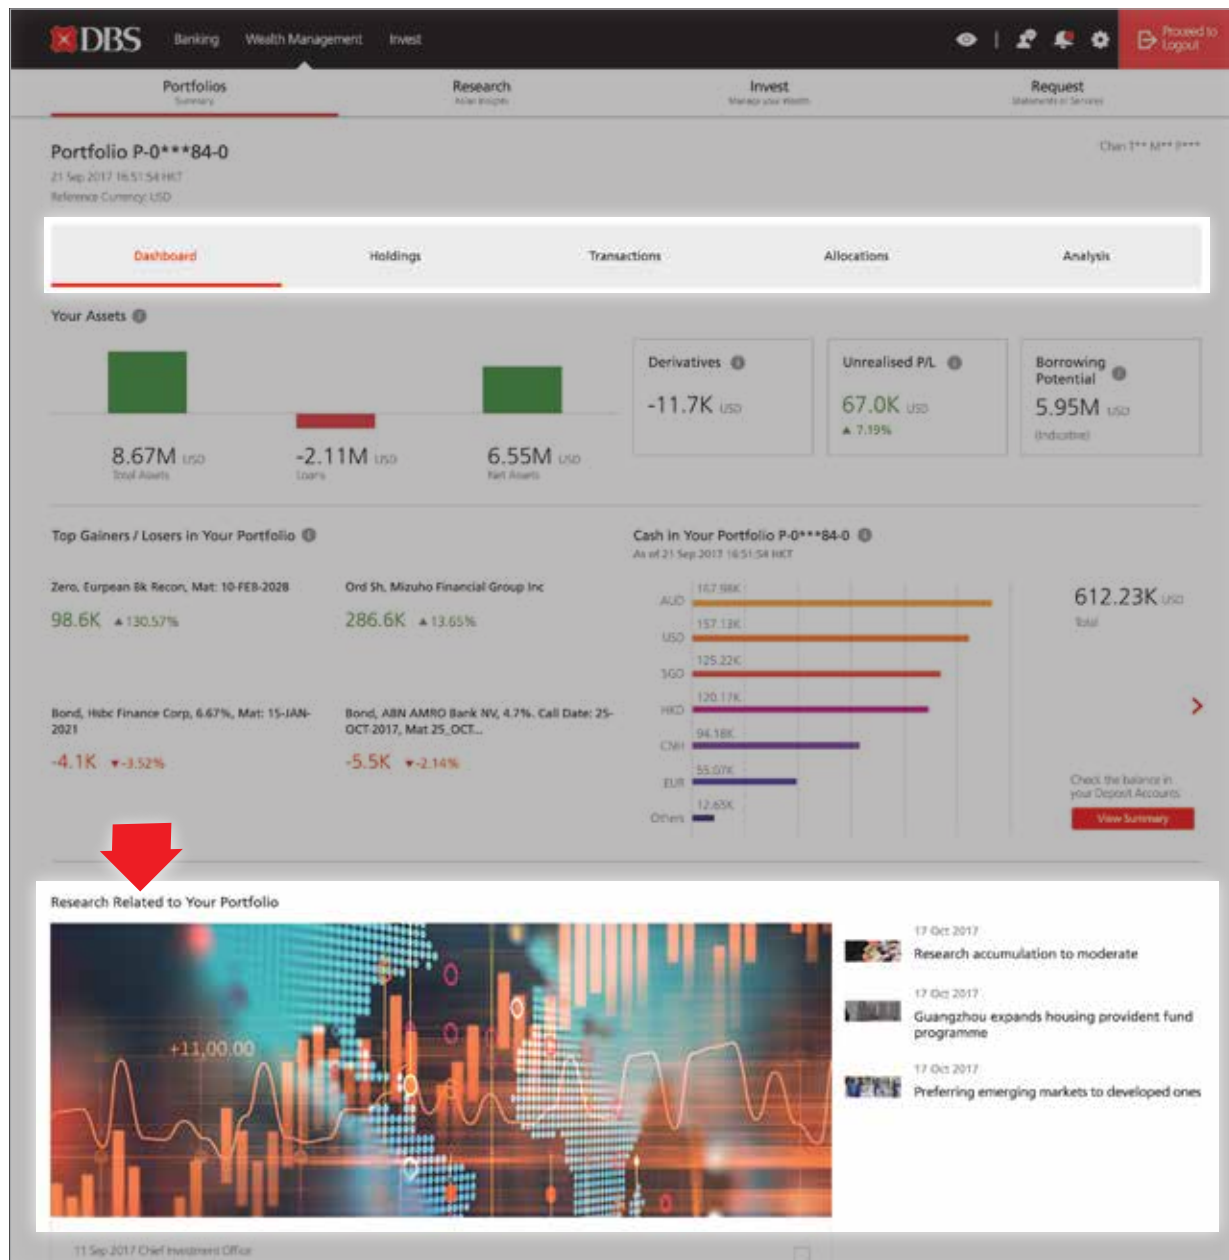

*In order to receive these alerts, customers have to opt in for SMS or email as communication channels. You may navigate to “Wealth Management” > “Settings” > “Manage Email and SMS Notifications” to indicate your preference.

4 Relevant Research and Proprietary Insights

Stay one step ahead of the rest by knowing more

Staying on top of the market allows you to seize valuable opportunities, but keeping up with important developments is time consuming. With DBS iWealth, you can rest assured that all the groundwork will be taken care of for you. We distil key news items, DBS house views and research pieces straight to your Dashboard.

5 Enhanced Online Equity and FX Trading

Trade 7 equity markets and 14 currencies with ease

Your opportunities should know no bounds. With DBS iWealth, you can go beyond geography to capture opportunities without borders.

You can easily view your cash balance available for investing in several currencies.

The screenshot displays the DBS iWealth 'Invest' interface. The top navigation bar includes 'Banking', 'Wealth Management', and 'Invest' (highlighted with a red box and a red circle). Below the navigation bar, there are tabs for 'Portfolios', 'Research', 'Invest' (selected), and 'Request'. The main content area is titled 'Invest using your...' and shows the date '21 Sep 2017 18:35:51 HKT'. It is divided into two main sections: 'Wealth Management Account' and 'Investment Products Accounts'. The 'Wealth Management Account' section shows a table of cash balances for various currencies. The 'Investment Products Accounts' section shows options to trade Equity and Foreign Exchange.

The screenshot displays the DBS 'Exchange Currency' page. At the top, the DBS logo and navigation tabs (Banking, Wealth Management, Invest) are visible. Below the navigation bar, a progress indicator shows three steps: '1. Input Details' (active), '2. Verify Details', and '3. Completion'. The main heading is 'Exchange Currency', with a timestamp 'MONDAY, 31/07/2017 10:00:05 HKT'. Below this, it states 'Your Daily Limit for Transfer To/From HKD Account: No Limit' and 'Your Daily Limit for Transfer To/From Foreign Currency Account: No Limit'. On the right, a 'Need Help?' section includes links to 'Manage Transaction Limit' and 'Manage Scheduled Currency Exchange'. The 'From' section shows the 'From Account' as 'Current Account - 22***6887, USD' with a 'View Balance' link. The 'To' section includes 'To Account and Currency' as 'Multi-Currency Savings Account, 22***4868', 'AUD' as the account currency, 'USD' as the 'Transfer Currency', and '1000' as the 'Amount'. Each of these fields has a 'View Balance' or 'View Exchange Rate' link. The 'Transaction Details' section at the bottom features radio buttons for 'Transfer Now' (selected) and 'Scheduled Transfer', a 'Transaction Date' dropdown set to 'Please select...', and a 'My Note' field with a 'Maximum 30 characters' limit.

*Foreign Exchange can be conducted 24x7 within Wealth Management Accounts and from 00:00-23:30 within Multi Currency Savings Accounts.

For cross currency transactions between Wealth Management Accounts and Multi-Currency Savings Accounts, this will be subject to the service hours of 09:00-21:00, Monday to Friday.

Remarks

1. Portfolio Holdings Page:

Actual trading prices may differ from indicative valuations shown and may be subject to liquidity/risk discounts. We do not assume liability for the information and valuations provided.

2. Portfolio Holdings Page – Currency Allocation:

Asset allocation by currencies does not include overdraft in your Wealth Portfolio. All amounts are quoted in portfolio reference currency equivalent based on an indicative exchange rate.

3. Manage Price Alert:

Investment products available for price alert setup do not mean that they are actually available for subscription, switching or redemption. The availability and transaction channels of investment products are subject to the actual condition upon transaction. The information provided by the service is for reference only and is not an investment advice and does not constitute any offer or solicitation to subscribe or redeem. The Bank does not bear any loss induced by service delay or inaccuracy of information.

4. Add a Price Alert:

- SGX quotes-triggered price alerts are real time.
- HKEX, NYSE/ NASDAQ, TSX (Equity), and LSE quotes-triggered price alerts are delayed by at least 15 minutes.
- TSE quotes-triggered price alerts are delayed by at least 20 minutes.
- TSX (Warrant) quotes-triggered price alerts are delayed by at least 20 minutes.
- ASX quotes-triggered price alerts are delayed by at least 2 hours.

Disclaimers

DBS Bank (Hong Kong) Limited (星展銀行(香港)有限公司) (the “Bank”) is not your investment adviser or acting in any fiduciary capacity to you. The above information is not and shall not be considered as investment advice. It does not constitute any offer or solicitation of offer to subscribe, transact or redeem any investment product. Investment involves risk. Past performances are not indicative of future performances. You should carefully read the product offering documentation, the account terms and conditions, and the product terms and conditions for detailed product information and risk factors prior to making any investment. If you have any doubt on this material or any product offering documentation, you should seek independent professional advice.

Investment Funds is an investment product and may involve derivatives. The investment decision is yours but you should not invest in the product unless the Bank who sells it to you has explained to you that the product is suitable for you having regard to your financial situation, investment experience and investment objectives.

Securities trading is an investment. The prices of stocks fluctuate, sometimes dramatically. The price of a stock may move up or down and may become valueless. It is as likely that losses will be incurred rather than profits made as a result of trading stocks. The investment decision is yours but you should not invest in any stock unless you have taken into account that the relevant stock is suitable for you having regard to your financial situation, investment experience and investment objectives.

Foreign exchange involves risk. You should note that foreign exchange may incur loss due to the fluctuation of exchange rates.
